<b>Minimum Credit Enhancement Features</b>	The Subordinate Certificates will not receive distributions of principal while the Credit Enhancement (initially 7.50%) is below the target Credit Enhancement of 12.50%. Prior to paying interest to the Subordinate Certificates, principal is paid to the Class AF <sup>(1)</sup> Certificates to maintain Credit Enhancement at the greater of (i) 7.50% and (ii) the highest Credit Enhancement achieved on any prior or the current Distribution Date (capped at 12.50%)
<b>Mandatory Guarantor Repurchase Obligation</b>	The obligation of the Guarantor to purchase the Class AF Certificates at the Mandatory Guarantor Repurchase Price if the Majority Representative does not exercise its Optional Redemption Right on or before the Distribution Date in October 2033. The amount paid by the Guarantor will be used to pay the outstanding Class Principal Amounts of the Class AF and any accrued and unpaid interest of the Class AF Certificates.
<b>Optional Redemption</b>	<p>The Majority Representative, upon at least sixty (60) days prior written notice to the Guarantor, may exercise its Optional Redemption Right and redeem, after all distributions for such Distribution Date, the Class AF Certificates, the Class MI Certificate and the Subordinate Certificates on the Distribution Date in October 2028, and on any Distribution Date thereafter, at a price equal to the sum of:</p> <ul style="list-style-type: none"> <li>(i) 100% of the Class Principal Amount of the Class AF Certificates plus any accrued and unpaid interest for the Class AF Certificates;</li> <li>(ii) the Class MI Fair Market Value Price; and</li> <li>(iii) 100% of the aggregate Class Principal Amount of the Subordinate Certificates plus any accrued and unpaid Current Interest due for such Distribution Date</li> </ul> <p>The Majority Representative will also be required to pay any unreimbursed Servicing Advances, Pre-Existing Servicing Advances and any unpaid fees or expenses without regard to the applicable Expense Cap.</p>

(1) Principal payments distributed to the Class AF Certificates will be allocated sequentially to the Class A-1-1, Class A-1-2, Class A-1-3, Class A-1-4, Class A-1-5 and Class A-2 Certificates, if no Guarantor Nonpayment Event exists, and pro rata (based on their respective outstanding Class Principal Amounts) if a Guarantor Nonpayment Event exists  
 Note: See Offering Circular for definitions and further details

# Majority Representative and Retention Requirements

- The Retained Certificateholder will at all times be the “Majority Representative” unless:
  - the Class Principal Amounts of the Retained Certificates are all reduced to zero; or
  - any of the Retained Certificates are sold in violation of the PSA
  - If any of the above occur, the Retained Certificateholder will no longer be the Majority Representative and there will be no successor Majority Representative appointed
- Any Majority Representative will have the:
  - Optional Redemption Right;
  - Right to exercise the Clean-up Call; and
  - Right to terminate the Collateral Administrator and the obligation to replace the Collateral Administrator
- Retention Requirements
  - The Purchaser will be required to retain 100% of the Class M, Class B and Class XS Certificates, and any related MACR Certificates exchanged therefor, for at least 2 years post-closing
  - After year 2 to year 5 post-closing, the Purchaser or the Retained Certificateholder, as applicable, will have the right to sell all (but not less than all) of the Retained Certificates to a single subsequent purchaser
  - After year 5 post-closing, the Retained Certificateholder or any holders of the Class M Certificates, as applicable, will have the right to sell some or all of the Class M Certificates and the Retained Certificates if the Retained Certificates Sales Thresholds are met, provided that all (but not less than all) of the Retained Certificates are sold to a single subsequent purchaser

# Servicing and Program Support

# Servicing and Collateral Oversight

The Collateral Administrator, if any, and Guarantor each have responsibilities for management of the collateral and servicing.

## **COLLATERAL ADMINISTRATOR**

- General oversight of the Servicer(s)
- Consent, withhold consent or waive the right to consent to the Servicers':
  - Strategy for implementing foreclosure alternatives and administration of defaulted loans
  - Property valuations and sale of any REO properties
  - Litigation settlement offers
- Review alleged Material Breaches, Collateral Deficiency Losses and Existing Lien Losses, and issue Notices of Breach or Indemnification to Freddie Mac

## **GUARANTOR OVERSIGHT AND SERVICING REMEDY MANAGEMENT PROCESS**

- Servicers provide monthly data to Freddie Mac as Guarantor
- Guarantor monitors remittance data and may request additional documentation to evaluate Servicers' compliance with the PSA
- If a servicing defect is identified, the Guarantor may determine if it is the result of a servicing violation, and whether or not it can be remedied:
  - Where the defect can be remedied, the Servicer will be required to remedy the defect within the servicing correction period of 90 days
  - Where the defect cannot be remedied (e.g., extinguishes the lien, etc.), the Servicer may be issued a servicing remedy letter including a servicing remedy amount
- The servicing remedy amount is determined by the Guarantor and is payable by the Servicer to compensate for damages, expenses and losses resulting from the servicing defect

# Post-Securitization Servicing Requirements

## Modification, Payment Deferral and Other Loss Mitigation

### **Eligibility**

- Borrower must be 60+ days delinquent or in imminent default as determined by the Servicer

### **Limits**

- Servicer must evaluate eligible borrower first for a Payment Deferral, and then a Modification, subject to the PSA
- If the sole change to a term of an Eligible Loan is the deferral of delinquent principal and interest amounts (i.e., a Payment Deferral), it is not considered a Modification. For the avoidance of doubt, if there is deferral of principal and interest amounts along with another change or variance, such as a deferral of taxes and insurance or an extension of the term, such change will be considered a Modification
- After the Closing Date, a Payment Deferral for a Mortgage Loan may not defer more than twelve (12) months of delinquent principal and interest payments, cumulatively
- A Modification must meet the following criteria:
  - No more than 1 Modification every 12 months, and no more than 2 total Modifications after the Closing Date<sup>(1)</sup>
  - No principal forgiveness for any loan where resulting post-mod MTMLTV<sup>(2)</sup> (using interest bearing balance) is less than 105%
  - No principal forbearance for any loan where resulting post-mod MTMLTV<sup>(2)</sup> (using interest bearing balance) is less than 80%
- No short payoffs (including forbearance amounts) unless eligibility criteria above is met and the Servicer determines such action to be in the best interest of certificateholders
- The Servicer may not solicit performing borrowers for loss mitigation

(1) So long as there is a Majority Representative, the Collateral Administrator may consent to more than 1 modification every 12 months and more than 2 total after the Closing Date

(2) MTMLTV is the mark to market loan-to-value ratio based on the interest bearing unpaid principal balance of the related Mortgage Loan and the current market value of the related mortgaged property, as described in the Valuation Requirements above

# Post-Securitization Servicing Requirements (continued)

## ***Servicer Affiliate***

- The Servicer can't acquire lender placed insurance from any affiliate
- If the Servicer obtains property valuation, preservation, or disposition services from an affiliate, the Servicer may not receive incentive based compensation, and the costs of services must be reasonable and at market levels

## ***Cap on Advances***

- Any advance amount exceeding a predetermined cap will require advance notice to the Guarantor and the Trustee and non-objection from the Guarantor in order to be reimbursable

## ***Valuation Requirements***

- Each Servicer must comply with the valuation waterfall below when determining the valuation to be used in evaluating for certain loss mitigation alternatives as described in the PSA (e.g. Modification, short sale, short payoff, deed-in-lieu of foreclosure)
  - Step 1: Obtain BPO and Home Value Explorer® (“HVE®”) valuations
  - Step 2: If the BPO value is within +/- 15% of the HVE® value, then the Servicer must use the BPO valuation
  - Step 3: If an HVE® value is not available or the BPO value is outside +/- 15% of the HVE® value, then the Servicer must obtain a second BPO value from a non-affiliated broker
  - Step 4: If the Servicer is required to order a second BPO valuation, the Servicer must use the higher of the two BPO valuations
