Freddie Mac Announces First SLST Deal of 2019

MCLEAN, VA -- Freddie Mac (OTCQB: FMCC) today announced its first Seasoned Loans Structured Transaction (SLST) of 2019, backed by a pool of approximately \$1.3 billion seasoned re-performing loans (RPLs). The SLST program is a key part of Freddie Mac's seasoned loan offerings which reduce less-liquid assets in its mortgage-related investments portfolio and shed credit and market risk via economically sensible transactions.

The loan pool is comprised of loans that were modified to assist borrowers who were at risk of foreclosure to help them keep their homes. The servicing of the loans will be in accordance with [requirements](#) that prioritize borrower retention options in the event of default and promote neighborhood stability.

The transaction involves a two-step process. The first step is an auction of the right to purchase the subordinate, non-guaranteed certificates backed by the RPLs, subject to the terms set forth in a securitization term sheet. The winning bidder will be chosen on the basis of economics, subject to meeting Freddie Mac's internal reserve levels. In the second step, the SLST Trust will issue both senior and subordinate certificates. Freddie Mac will guarantee certain senior certificates, and may initially retain some of such certificates. The winner of the auction will purchase the subordinate certificates at issuance.

Advisors to Freddie Mac on this transaction are J.P. Morgan Securities LLC and Wells Fargo Securities, LLC as co-lead managers and joint bookrunners, and Citigroup Global Markets Inc., Nomura Securities International, Inc., and Mischler Financial Group, Inc.,

(a minority broker dealer certified as a Service-Disabled Veteran Business Enterprise), as the co-managers.

To date, Freddie Mac has sold \$8 billion of non-performing loans and securitized over \$48 billion of RPLs consisting of \$29 billion via fully guaranteed PCs, \$16 billion via SCRT transactions, and \$3 billion via SLST transactions.
