Freddie Mac Settles \$948 Million SLST Securitization

McLean, Va. - Freddie Mac (OTCQB: FMCC) today announced the settlement of the first Seasoned Loans Structured Transaction Trust (SLST) offering of 2020—a securitization of approximately \$948 million including both guaranteed senior and non-guaranteed subordinate securities backed by a pool of seasoned re-performing loans (RPLs). The SLST program is a fundamental part of Freddie Mac's seasoned loan offerings which reduce less-liquid assets in its mortgage-related investments portfolio and shed credit and market risk via economically reasonable transactions.

Freddie Mac SLST Series 2020-1 includes approximately \$730 million in guaranteed senior certificates and approximately \$218 million in non-guaranteed subordinate certificates. The guaranteed senior certificates priced on July 22 through a syndicated process. The subordinate certificates were awarded on July 23 via an auction.

The underlying collateral backing the certificates consists of 6,026 fixed- and step-rate modified seasoned re-performing and moderately delinquent loans. These loans were modified to assist borrowers who were at risk of foreclosure to help them keep their homes.

The loans will be serviced by Specialized Loan Servicing LLC. in accordance with [requirements](#) that prioritize borrower retention options in the event of a default and promote neighborhood stability.

Advisors to Freddie Mac on this transaction are Wells Fargo Securities, LLC, and J.P. Morgan Securities LLC as co-lead managers and joint bookrunners, and BMO Capital

Markets Corp., BofA Securities, Inc., Citigroup Global Markets Inc., Nomura Securities International, Inc., and Samuel A. Ramirez & Company, Inc. (a minority-owned business) as the co-managers.

To date, Freddie Mac has sold over \$8 billion of non-performing loans (NPLs) and securitized approximately \$65 billion of RPLs consisting of (i) \$29 billion in fully guaranteed PCs, (ii) \$28 billion in Seasoned Credit Risk Transfer (SCRT) senior/sub securitizations, and (iii) \$8 billion in SLST transactions.
