

Our Role State-by-State – Maryland

Financing Homeownership & Rental Housing in Maryland

One of Freddie Mac's key priorities is providing constant, stable support to the housing market. Since we were created, we've continued to supply an ongoing stream of funding for mortgages, every day, in all geographic markets, and in good times and bad. Over the past decade, Freddie Mac has invested approximately \$154.1 billion in home loans, helping 935,193 families in Maryland own or rent a home.

Period	FM Investment	Homeowners Served	Renters Served	Total Families Served
2011*	\$5.3 billion	20,559	3,391	23,950

In the first half of 2011, Freddie Mac:

- Enabled 1,155 homebuyers in Maryland to purchase their first home.
- Financed loans for 3,779 low income families in Maryland.
- Funded home loans with an average mortgage of \$247,934.

Preventing Foreclosure in Maryland

Foreclosure prevention remains one of Freddie Mac's top priorities. Since the housing crisis began, our efforts through our own foreclosure avoidance programs and the Administration's Home Affordable Modification program (HAMP), have helped over half a million families facing financial hardship to keep their homes or sell their properties. In Maryland alone, we have completed 16,655 loan workouts, which helped these families avoid foreclosure.

Period	Loan Modifications	Repayment Plans	Forebearance	Other Foreclosure Alternatives	Total Families Avoiding Foreclosure
2008	905	1,091	51	93	2,140
