

Our Role State-by-State – Oklahoma

Financing Homeownership & Rental Housing in Oklahoma

One of Freddie Mac's key priorities is providing constant, stable support to the housing market. Since we were created, we've continued to supply an ongoing stream of funding for mortgages, every day, in all geographic markets, and in good times and bad. Over the past decade, Freddie Mac has invested approximately \$27.1 billion in home loans, helping 260,581 families in Oklahoma own or rent a home.

Period	FM Investment	Homeowners Served	Renters Served	Total Families Served
2011*	\$0.8 billion	4,562	2,113	6,675
2010	\$2.1 billion	13,852	1,242	15,094
2000-2010	\$27.1 billion	220,966	39,615	260,581

Based on Freddie Mac housing goals data submitted to FHFA.

In the first half of 2011, Freddie Mac:

- Enabled 253 homebuyers in Oklahoma to purchase their first home.
- Financed loans for 2,117 low income families in Oklahoma.
- Funded home loans with an average mortgage of \$149,810.

Preventing Foreclosure in Oklahoma

Foreclosure prevention remains one of Freddie Mac's top priorities. Since the housing crisis began, our efforts through our own foreclosure avoidance programs and the Administration's Home Affordable Modification program (HAMP), have helped over half a million families facing financial hardship to keep their homes or sell their properties. In Oklahoma alone, we have completed 3,012 loan workouts, which helped these families avoid foreclosure.

Period	Loan Modifications	Repayment Plans	Forebearance	Other Foreclosure Alternatives	Total Families Avoiding Foreclosure
2008	238	383	9	39	669
2009	410	336	61	53	860
2010	527	324	144	58	1,053
2011*	195	148	43	44	430

Based on completed agreements. Periodically, there are differences in and changes to our reported numbers due to the timing of completion.

* 2011 data is current as of June 30, 2011.
