

Our Role State-by-State – South Dakota

Financing Homeownership & Rental Housing in South Dakota

One of Freddie Mac's key priorities is providing constant, stable support to the housing market. Since we were created, we've continued to supply an ongoing stream of funding for mortgages, every day, in all geographic markets, and in good times and bad. Over the past decade, Freddie Mac has invested approximately \$8.2 billion in home loans, helping 70,255 families in South Dakota own or rent a home.

Period	FM Investment	Homeowners Served	Renters Served	Total Families Served
2011*	\$0.2 billion	1,525	107	1,632
2010	\$732.7 million	4,861	278	5,139
2000-2010	\$8.2 billion	66,766	3,489	70,255

Based on Freddie Mac housing goals data submitted to FHFA.

In the first half of 2011, Freddie Mac:

- Enabled 47 homebuyers in South Dakota to purchase their first home.
- Financed loans for 156 low income families in South Dakota.
- Funded home loans with an average mortgage of \$148,085.

Preventing Foreclosure in South Dakota

Foreclosure prevention remains one of Freddie Mac's top priorities. Since the housing crisis began, our efforts through our own foreclosure avoidance programs and the Administration's Home Affordable Modification program (HAMP), have helped over half a million families facing financial hardship to keep their homes or sell their properties. In South Dakota alone, we have completed 515 loan workouts, which helped these families avoid foreclosure.

Period	Loan Modifications	Repayment Plans	Forebearance	Other Foreclosure Alternatives	Total Families Avoiding Foreclosure
2008	49	79	6	5	139
2009	45	43	15	9	112
2010	117	35	25	4	181
2011*	46	17	14	6	83

Based on completed agreements. Periodically, there are differences in and changes to our reported numbers due to the timing of completion.

* 2011 data is current as of June 30, 2011.
