This Pricing Supplement relates to the Debt Securities of the Federal Home Loan Mortgage Corporation ("Freddie Mac") described below and should be read in conjunction with the Offering Circular dated April 4, 2003 and all documents incorporated by reference in the Offering Circular including Freddie Mac's Information Statement dated February 27, 2004 and any supplements to such Information Statement. Capitalized terms used in this Pricing Supplement and not otherwise defined in this Pricing Supplement have the meanings given to them in the Offering Circular.

The Debt Securities are not suitable investments for all investors. In particular, no investor should purchase the Debt Securities unless the investor understands and is able to bear the redemption, yield, market and liquidity risks associated with the Debt Securities. See "Risk Factors - The Debt Securities May Not Be Suitable For You" in the Offering Circular.

The Debt Securities are obligations of Freddie Mac only. The Debt Securities, including any interest or return of discount on the Debt Securities, are not guaranteed by, and are not debts or obligations of, the United States or any agency or instrumentality of the United States other than Freddie Mac. The Debt Securities are not tax-exempt. Non-U.S. owners generally will be subject to the United States federal income and withholding tax unless they establish an exemption. Because of applicable U.S. securities law exemptions, we have not registered the Debt Securities with any U.S. federal or state securities commission. No U.S. securities commission has reviewed the Offering Circular or this Pricing Supplement.

2. Listing Application: Yes - Luxembourg Stock Exchange: An application has been made with the Luxembourg Stock Exchange to list the Debt Securities.

In March 2003, the European Commission published its proposal for the Transparency Obligations Directive (the “Directive”), which relates to information about issuers whose securities are admitted to trading on a regulated market in the European Union. The Directive is expected to be finalized in 2004 and to be implemented by 2006. The proposal contained provisions which, if applied with respect to the Notes, would have the effect of requiring Freddie Mac to prepare its financial statements in accordance with International Financial Reporting Standards (“IFRS”) in order for the Notes to remain listed on the Luxembourg Stock Exchange (the “LSE”), unless it is determined that U.S. law imposes “equivalent” requirements. It is unknown as of the date of this Pricing Supplement whether the requirement to prepare financial statements in accordance with United States generally accepted accounting principles will be determined to be “equivalent” to the requirements of the Directive (or whether the finalized Directive will contain transitional or other provisions that will reduce the impact of this requirement on Freddie Mac). In the event Freddie Mac is required under the Directive to prepare its financial statements in accordance with IFRS in order to maintain the continued listing of the Notes on the LSE, Freddie Mac may determine that it is unduly burdensome to maintain a listing on the LSE or on any other securities exchange in the European Union and may seek to terminate the listing of the Notes on the LSE. Although there is no assurance as to the liquidity of the Notes as a result of the listing on the LSE, delisting the Notes from the LSE may have a material effect on your ability to resell your Notes in the secondary market.

3. Eligibility for Stripping: No

4. Governing Law:

The Debt Securities will be governed by the federal laws of the United States. The local laws of the State of New York will be deemed to reflect the federal laws of the United States, unless there is applicable precedent under federal law or the application of New York law would frustrate the purposes of the Freddie Mac Act or the Global Facility Agreement.
