Reference Notes®

This Pricing Supplement relates to the Reference Notes (the "Notes") of the Federal Home Loan Mortgage Corporation ("Freddie Mac") described below and should be read in conjunction with the Offering Circular dated April 4, 2003 and all documents incorporated by reference in the Offering Circular, including Freddie Mac's Information Statement dated March 29, 2002 and any supplements to such Information Statement. Freddie Mac will also publish a Supplemental Statement applicable to the Notes shortly after the Auction (as defined herein). The Supplemental Statement will contain the price at which the Notes will be sold as a result of the Auction, the Common Code, and other information. See "Other – Distribution Arrangements - Auction – Supplemental Statement" in this Pricing Supplement." Capitalized terms used in this Pricing Supplement and not otherwise defined in this Pricing Supplement have the meanings given to them in the Offering Circular.

The Reference Notes have the same terms (other than Issue Date and Issue Price) as, and form a single series with, the 3.625% Reference Notes Due September 15, 2008 that Freddie Mac issued in the principal amount of US\$4,000,000,000 on September 12, 2003. The aggregate principal amount of the 3.625% Reference Notes Due September 15, 2008, including the Notes issued pursuant to this Pricing Supplement, will be US\$6,000,000,000. See "Description of the Debt Securities - General - Reopened Issues" and "- Maturity, Redemption and Optional Repayment" in the Offering Circular. Interest on the Reference Notes offered pursuant to this Pricing Supplement will accrue from and including September 12, 2003.

Freddie Mac plans to offer the Offering Amount of Reference Notes indicated above in an Internet-based, single price, closed bid auction (the "Auction") to be held between 8:15 a.m. and 10:15 a.m., Eastern time (U.S.) on December 3, 2003. The terms and conditions for the Auction are contained in the Freddie Mac Reference Note Auction Procedures (the "Auction Procedures"), available on the Freddie Mac website ([freddiemac.com/debt securities](http://freddiemac.com/debt%20securities)) and by calling the Freddie Mac Debt Securities Marketing Office at (571) 382-3700. You should read this Pricing Supplement in conjunction with the Auction Procedures, which are incorporated by reference herein. See "Other – Distribution Arrangements - Auctions" in this Pricing Supplement. Freddie Mac reserves the right, pursuant to Sec. 19(b) of the Auction Procedures to suspend, delay or cancel the Auction. Any such suspension, delay or cancellation will be immediately publicly announced.

The Notes are not suitable investments for all investors. In particular, no investor should purchase the Notes unless the investor understands and is able to bear the yield, market and liquidity risks associated with the Notes. See "Risk Factors - The Debt Securities May Not Be Suitable For You" in the Offering Circular.

The Notes are obligations of Freddie Mac only. The Notes, including any interest or return of discount on the Notes, are not guaranteed by, and are not debts or obligations of, the United States or any agency or instrumentality of the United States other than Freddie Mac. The Notes are not tax-exempt. Non-U.S. owners generally will be subject to United States federal income and withholding tax unless they establish an exemption. Because of applicable U.S. securities law exemptions, we have not registered the Notes with any U.S. federal or state securities commission. No U.S. securities commission has reviewed the Offering Circular or this Pricing Supplement.

DISTRIBUTION ARRANGEMENTS

Auction

General

Freddie Mac intends to hold an Auction of the Notes on December 3, 2003, as noted above. Certain Dealers will be designated as direct participants in the Auction. Investors may participate in the Auction through one or more designated Dealers. For information on designated Dealers, you may contact the Freddie Mac Debt Marketing Office at (571) 382-3700.

A person or an entity registered with the U.S. Securities and Exchange Commission as a broker-dealer under the Securities Exchange Act of 1934 (15 U.S.C. Sec. 78o and Sec. 78o-5, as they may be amended from time to time) may not submit a noncompetitive bid for its own account, either directly or through an intermediary, in the Auction.

The terms and conditions for the Auction are contained in the Auction Procedures. The Auction Procedures provide that all participants in the Auction certify, by their participation, that they agree to comply with and be bound by the Auction Procedures. For a complete description of the terms and conditions applicable to the Auction, see the Auction Procedures.

Each competitive bid submitted in the Auction must be for at least \$10 million of Notes, and increments of \$1 million thereafter. Each noncompetitive bid in the Auction must be for at least \$1 million of Notes, and increments of \$10,000 thereafter.

Bids for Notes are binding on the bidder as of the closing time for the Auction.

Determination of Auction Awards

Determinations of awards in the Auction will be made by Freddie Mac after the closing time for receipt of bids (10:15 a.m., Eastern time (U.S.)). In determining auction awards, Freddie Mac will first accept in full all noncompetitive bids received by the closing time, subject to applicable award limitations. (The maximum permitted single award for a noncompetitive bid is \$250,000,000, less any amount by which the bidder's net long position as reportable under the Auction Procedures exceeds maximum single auction award amount.) If the aggregate amount of such noncompetitive bids exceeds \$200,000,000 then awards in respect of such noncompetitive bids will be prorated and each award will be rounded up to the nearest \$1,000. Then competitive bids will be accepted, subject to the maximum single auction award amount limit, starting with those at the lowest yields through successively higher yields, up to the amount required to meet the Offering Amount. Bids at the stop rate will be prorated, if necessary. (The maximum single auction award amount is \$250,000,000 less any amount awarded to the bidder for noncompetitive bids and less the bidder's net long position as reportable under the Auction Procedures.)

When the total amount of bids at the stop rate exceeds the amount of the Offering Amount remaining after acceptance of noncompetitive bids and competitive bids at the lower yields, a percentage of the bids received at the stop rate will be awarded. This proration is performed for the purpose of awarding a par amount of securities close to the public offering amount. The percentage is derived by dividing the remaining par amount needed to fill the public offering by the par amount of the bids recognized at the stop rate.

Determining Purchase Prices for Awarded Notes

Price calculations will be rounded to six decimal places on the basis of price per hundred, e.g., 99.954321. The price of securities awarded to both competitive and noncompetitive bidders is the price equivalent to the highest yield at which bids were accepted.
