

**CHARTER OF THE RISK COMMITTEE
OF THE BOARD OF DIRECTORS
OF THE
FEDERAL HOME LOAN MORTGAGE
CORPORATION**

Effective July 23, 2018

Organization, Membership Requirements and Committee

Processes

The Risk Committee (the “Committee”) of the Board of Directors (the “Board”) of the Federal Home Loan Mortgage Corporation (“Freddie Mac”) shall consist of at least three members appointed by the Board, following notice to the Federal Housing Finance Agency, as Conservator of Freddie Mac (the “Conservator”). One member of the Committee shall be designated by the Board as the Chair of the Committee, and such Chair shall be independent under the standards set forth in Freddie Mac’s Corporate Governance Guidelines (which includes not serving in a management capacity at Freddie Mac). In addition, at least one member of the Committee shall have experience in identifying, assessing and managing risk exposures of large financial firms and each Committee member shall have a practical understanding of risk management principles and practices relevant to Freddie Mac (or acquire such understanding within a reasonable time after being elected to the Committee).

The Committee Chair shall report regularly to the Board on the Committee’s activities and minutes of the Committee’s meetings shall be submitted to the Board.

The members of the Committee shall have access to any employee of Freddie Mac. The Committee may engage such outside consultants or advisors including, but not limited to, financial advisors, legal counsel and management consultants, as it may deem appropriate to fulfill its responsibilities. The engagement of such consultants and advisors shall be subject to the approval of the Committee and the Conservator, to the extent set forth in the section below titled “Conservator Approval.” Freddie Mac shall provide appropriate funding for the retention of any such consultants or advisors and for other necessary and appropriate administrative expenses of the Committee, all as determined by the Committee.

The Chair of the Committee will collaborate with the Chairs of any of the other Board committees when necessary or desirable in order to facilitate each of the Board committees in fulfilling its responsibilities. The Committee may meet in joint session with any other Board committee to discuss matters that are pertinent to both Committees.

To the extent consistent with applicable laws, regulations, stock exchange listing standards and conservatorship orders or directives, the Committee responsibilities listed below may, in the alternative, be satisfied by actions of the full Board or by another Board committee acting at the direction of the Board or the Board's Chair.

Purpose, Powers, Duties and Responsibilities of the Committee

The Committee is hereby charged by the Board with the authority and responsibilities set forth below.

1. Risk Oversight: The Committee shall assist the Board in its oversight, on an enterprise-wide basis, of Freddie Mac's risk management framework, including as it relates to management of credit risk, market risk, operational risk, liquidity risk and enterprise strategic risk, by:
 - (a) At least annually reviewing and, as needed, approving any changes or exceptions to Freddie Mac's enterprise risk policy, and annually reviewing and approving board-level risk appetite metrics, limits and thresholds;
 - (b) Reviewing significant (i) enterprise risk exposures, (ii) risk management strategies, (iii) results of risk management reviews and assessments, and (iv) emerging risks;
 - (c) Reviewing capabilities for and adequacy of resources allocated to enterprise risk management;
 - (d) Reviewing reports on significant regulatory requirements relating to enterprise risk management and regulatory assessments thereof, including stress testing results, and approving any matter as may be required by regulation or guidance; and
 - (e) Reviewing changes to key business practices or new business initiatives that, in the judgment of the Chief Enterprise Risk Officer, may significantly alter the enterprise risk profile.

Freddie Mac's Chief Enterprise Risk Officer shall report to the Chief Executive Officer and independently to the Committee. The Committee shall approve all decisions regarding the appointment or removal of the Chief Enterprise Risk Officer.

2. Committee Operations and Charter: At least annually, the Committee will:
 - (a) review, under the oversight of the Nominating and Governance Committee, this Committee's performance, including review of its structure and operations (including authority to delegate to subcommittees); its process for reporting to the Board; and the process for determining the membership of the Committee (including qualifications for Committee membership); and
 - (b) review and reassess the adequacy of the Committee's Charter and recommend for approval by the Board any changes that it deems appropriate.
3. Other Duties: The Committee will perform such other duties as may be assigned from time to time by the Board or as requested by the Non-Executive Chair.
4. Conservator Approval: Board or Committee action and Conservator approval shall be required for any matter that is designated by the Conservator as requiring such approval.
