

Overview

This educational reference contains information about specific messages you may receive while using Loan Prospector. It offers clarification to assist you in determining and resolving any issues in order to obtain a complete assessment. You may encounter two types of messages:

- **Processing Error Messages** – Messages received online when a Loan Prospector submission cannot be processed.
- **Feedback Messages** – Messages received on the Loan Prospector Full Feedback Certificate and the Documentation Checklist.

Feedback messages provide detailed information about the assessment of the loan application data. This information should be used to guide you in documenting and underwriting loans for sale to Freddie Mac. Loan Prospector is not designed to, and does not, furnish rationales or reasons for a lender's decision to originate (or not to originate) a loan. Therefore, you may not use Loan Prospector feedback messages in an adverse action notice as a substitute for your own assessment of a loan application and your own reasons for not originating a loan.

Message Locations

The following table includes types of messages presented in the Loan Prospector Results and the location of these messages. Examples of each message type are provided further below with the reasons or clarifications on why the message was received, and recommended actions to resolve issues.

Invalid Status Messages

Some commonly seen feedback messages, listed in this table, may be returned from Loan Prospector with an **Invalid** status. These messages indicate why a transaction request could not be completed and would appear on a Loan Prospector Invalid Messages page.

Code	Invalid Status Messages	Clarification/Recommended Action
1E	'Reserves' must contain a \$ amount = or > 0.	Liquid assets must be greater than amount required to close the transaction (down payment, closing costs and prepaids).
3C	'Total Debt' must include PITI.	Check your Liability and REO Breakdown data. Specifically check number of months remaining on non-revolving debts, as well as the subject property / current residence indicators in the breakdown.
3F	'Buydown Subsequent Adjustment Percentage' must be valid.	Check Buydown screen to ensure accurate information. Also refer to the product requirements provided in the Guide.
3G	'Buydown Contributor' must be a valid code.	Check Buydown screen to ensure accurate information. Also refer to the product requirements provided in the Guide.
3L	'Buydown Initial Adjustment Percentage' must be valid.	Check Buydown screen to ensure accurate information. Also refer to the product requirements provided in the Guide.
3S	Total occupying borrower income must contain a \$ amount > 0.	Check declarations and intended use of property.
3U	'Total Debt' for inv. prop. must include pres housing exp.	The primary residence must be flagged as such in the REO Breakdown and must be matched with the corresponding mortgage.
3V	'Total Debt' for second homes must include all housing exp.	The primary residence must be flagged as such in the REO Breakdown and must be matched with the corresponding mortgage.
5M	'Cash Out Amount' must = 0.	A no-cash out refinance cannot reflect any cash amount.
PE	'Total Occupant Debt' must include PITI.	For non-occupant borrowers, total debt must consist of proposed PITI on subject property, non-occupant housing debt (their primary residence) and other debt for all borrowers.

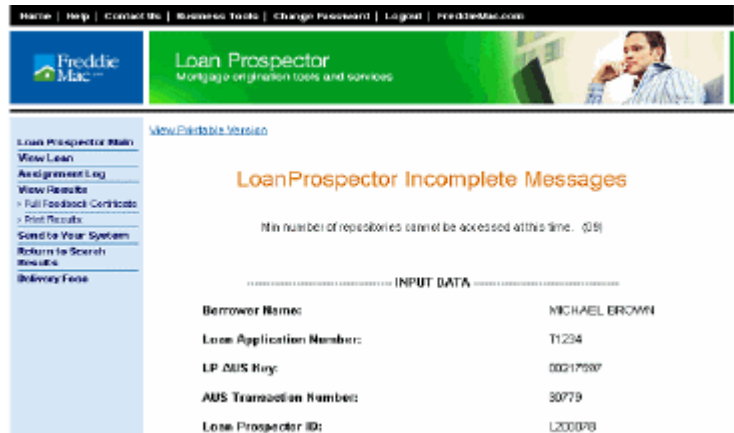

Ineligible Status Messages

This table lists some commonly seen messages that may be returned from Loan Prospector with an **Ineligible** status. These messages indicate why a transaction request is ineligible for Loan Prospector processing and would appear on a Loan Prospector Ineligible Messages page.

Code	Ineligible Status Messages	Clarification/Recommended Action
20	Product ineligible for Initial Interest offering.	Initial Interest products are no longer eligible for sale to Freddie Mac.
75	TLTV is higher than maximum limit.	Check accuracy of appraised value. If a refinance, verify that no purchase price is entered. Make sure seller allowable financing concessions are not showing as sales concessions.

Incomplete Status Messages

This table lists some commonly seen feedback messages that may be returned from Loan Prospector with an **Incomplete** status. These messages indicate why data problems prevented the transaction request from being completed and would appear on the Loan Prospector Incomplete Messages page.

Code	Incomplete Status Messages	Clarification/Recommended Action
11	No useable credit reports were received for borrower(s).	Confirm accuracy of borrower name and SSN. Borrower credit history may not be robust enough for Loan Prospector to assess the transaction.
21	Multiple disputed tradelines; loan not eligible for LP.	Confirm accuracy of accounts being disputed. If inaccurate should be corrected at repository level and rescored.
FF	S/E Borr w/out usable credit score - inelig for LP assmnt.	The transaction does not meet the criteria for Loan Prospector being able to assess with only one borrower having usable credit.
FG	For LP, >50% total inc reqd from Borr w/usable credit score.	The transaction does not meet the criteria for Loan Prospector being able to assess with only one borrower having usable credit.
FH	Unusable credit score - C/O refi inelig for LP assmnt.	The transaction does not meet the criteria for Loan Prospector being able to assess with only one borrower having usable credit.
FJ	Unusable credit score - prim residence reqd for LP assmnt.	The transaction does not meet the criteria for Loan Prospector being able to assess with only one borrower having usable credit.
FK	Unusable credit score - all must occupy prop for LP assmnt.	The transaction does not meet the criteria for Loan Prospector being able to assess with only one borrower having usable credit.
FL	Unusable credit score - # units must=1 for LP assmnt.	The transaction does not meet the criteria for Loan Prospector being able to assess with only one borrower having usable credit.
HM	LTV ratio must be between 11% and 125%.	FHA refinances require Purpose of Refinance as no cash out refinance, not streamlined. A streamlined purpose of refinance will trigger this error because no LTV will be calculated on the ineligible response.
ME	Merged Credit Error: ~CRC_ME~	Returned on CONV loans. Could be due to setup problem, data mismatch, etc.

Purchase Restriction Feedback Messages

This table lists some commonly seen feedback messages that may be returned and explains why a loan may be **ineligible for purchase** by Freddie Mac, or unacceptable for FHA insurance or VA guaranty. These messages appear on the Loan Prospector Full Feedback Certificate in the Purchase Restriction section.

Code	Purchase Restriction Messages	Clarification/Recommended Action
20	LTV/TLTV exceeds max Freddie Mac limits.	Verify product requested is identified properly, via the Offering Identifier, and if an ARM product, that the initial and subsequent adjustment periods are showing correctly as months and not years.
29	Loan does not meet FM Manufactured Home requirements.	Check loan terms against manufactured homes guidelines.
N/A	Customer receives 'Accept', but Freddie Mac 'Ineligible' under purchase eligibility.	The most common cause for this error is because the LTV or TLTV is such that the loan would need to be flagged with an Offering Identifier to be eligible for purchase. The LTV is over the limit that would normally be eligible for purchase for a standard guide product. This occurs when attempting to do a Home Possible and the corresponding Offering Identifier has not been selected.

Credit Risk Messages

This table displays some commonly seen feedback messages focused on the highest **risk factors** of the loan to guide the underwriting analysis. These messages appear on the Loan Prospector Full Feedback Certificate in the Credit Information section, Credit Risk Comments subsection.

Code	Credit Risk Messages	Clarification/Recommended Action
14	A bankruptcy appears on the application.	Ensure your Declarations are accurate.
15	A foreclosure appears on the application.	Ensure your Declarations are accurate.
