This Offering Circular Supplement provides preliminary PC Pool information and preliminary additional Mortgage information concerning the PCs representing interests in PC Pool Number 17-0221, a PC Pool formed by Freddie Mac under the Cash Program and which will be offered for sale by Freddie Mac on March 24, 1987.

| <u>PC Pool Number</u> | <u>CUSIP Number</u> | <u>PC Coupon</u> | <u>Approximate Original Unpaid Principal Balance (1)</u> |
|---------------------------|-------------------------|----------------------|--|
| 17-0221 | | 8.5% | \$188,271,992 |

- (1) The Original Unpaid Principal Balance is the approximate aggregate unpaid principal balance of the related Mortgages on the books and records of Freddie Mac on March 23, 1987, which reflects the approximate aggregate unpaid principal balance of the related Mortgages as reported by servicers for the reporting period ending March 15, 1987.

ADDITIONAL MORTGAGE INFORMATION

The approximate weighted average interest rate of the Mortgages included in PC Pool Number 17-0221 is 10.75%. The Mortgages are currently owned by Freddie Mac.

PUBLICATION OF FINAL INFORMATION

Final information concerning the Original Unpaid Principal Balance and weighted average interest rate of the Mortgages included in PC Pool Number 17-0221 will appear in the Bond Buyer on or about May 1, 1987.

Purchasers of PCs representing interests in PC Pool Number 17-0221 from Freddie Mac are required to deliver a copy of this Offering Circular Supplement to prospective purchasers of the PCs offered hereby.
