### **Freddie Mac Enhances Pool Supplement Information**

Effective July 1, 2004, Pool Supplements for all of Freddie Mac's PC programs will now be available at [www.freddiemac.com/mbs](http://www.freddiemac.com/mbs). These supplements will be generated using an automated process for all new PCs to promote more consistent, standardized and comprehensive disclosure, as well as to help investors better value their PC holdings. This automated process also applies to the Giant Offering Circular Supplements, which are currently already available on the website. Fax copies of the Pool Supplements may also be requested by calling Investor Inquiry at (800) 336-3672.

If you are an approved Freddie Mac seller/servicer, please visit <http://www.freddiemac.com/sell/secmktg/> for more information on how to upgrade your MIDANET system.

Also effective July 1, 2004, Freddie Mac will enhance the information available in its PC Offering Circular. These enhancements demonstrate Freddie Mac's commitment to disclosure and transparency and were announced in an April 22nd press release found at [http://www.freddiemac.com/news/archives/mbs/2004/042204\\_mortgagecertificate.html](http://www.freddiemac.com/news/archives/mbs/2004/042204_mortgagecertificate.html).
