Freddie Mac Announces New Tax Reporting Disclosure for Certain Mortgage-Backed Securities August 2, 2007

Beginning with the 2007 tax year, Freddie Mac will begin disclosing tax reporting information for certain of its mortgage-backed securities. For these securities, this disclosure will be provided in lieu of mailings of tax reporting to security holders in accordance with recent U.S. Treasury Department regulations governing information tax reporting obligations for widely held fixed investment trusts (WHFITs). Securities tax disclosure will be available on an annual basis through the Security Lookup function on Freddie Mac's Web site at www.FreddieMac.com/mbs/html/sd_pc_lookup.html. Additionally, a file will be transmitted through SIAC, a disclosure vendor, on or about January 30th for the prior tax year.

The Freddie Mac *Guide to PC, Giant and Tax Reporting Disclosure Information* has been updated to reflect this new tax disclosure and is available on Freddie Mac's Web site at www.FreddieMac.com/mbs/html/cs_subscrib_menu.html.

Please contact Investor Inquiry at (800) 336-3672 or Investor_Inquiry@FreddieMac.com if you have any questions.
