
In support of the Single Security Initiative, Freddie Mac is updating the *Single-Family Seller/Servicer Guide* to reflect changes required by the Initiative, including naming conventions for the securities Freddie Mac will issue beginning June 3, 2019 and the payment delay for these securities. This includes the reference of UMBS re-securitizations as *Supers*, the reference of TBA-eligible fixed-rate securities as *UMBS* and the reference of non-TBA-eligible securities as *MBS*.
