Getting Started with Freddie Mac’s Multifamily Applications, Systems and Tools – At-A-Glance

➤ Navigating the Multifamily section on FreddieMac.com

- The Multifamily section of FreddieMac.com is organized by Seller/Servicer job functions:
  - Originate and Underwrite
  - Purchase and Deliver
  - Investor Reporting
  - Asset Management

Job aids, presentations, tutorials, and other support resources are located in these functional sections. Using the search function will also help you locate resources quickly.

- Multifamily-related news, market commentary, research, and events can be found in the News and Research section.

➤ Accessing Password-Protected Content on FreddieMac.com

- To access password-protected documents in the Multifamily section on FreddieMac.com, Seller/Servicer employees and consultants will need to obtain a username and password, which can be provided by your company’s Freddie Mac system administrator.

➤ Receiving Freddie Mac Multifamily E-mail Updates

- To receive e-mails on Multifamily news, updates, alerts, and training opportunities, you must register using our Multifamily News Subscription Center. To opt-in, provide us with basic contact information, and subscribe to a list of news alerts relative to your specific job function that you would like to receive on a regular basis.

➤ Accessing Freddie Mac Applications, Systems and Tools

- Seller/Servicer employees and consultants working with Freddie Mac will need to obtain multiple user credentials to utilize our selling and servicing applications, systems, and tools. Contact your Freddie Mac system administrator for the appropriate log in credentials for:
  - AllRegs® Online (for the Multifamily Seller/Servicer Guide)
  - Consent Request Tracker (CRT)
  - Document Management System (DMS)
  - General Loan Information (GLI)
  - Insurance Compliance Tool (ICT)
  - MultiSuite for Investor Reporting
  - Origination and Underwriting System (OUS)
  - Property Reporting System (PRS)
