

Relief Refinance Mortgages – Open Access

An expanded LTV/TLTV/HTLTV refinance solution for all Freddie Mac Sellers

The Freddie Mac Relief Refinance MortgageSM – Open Access supports the federal Making Home Affordable Program by helping borrowers who are making timely mortgage payments but have been unable to refinance due to declining home values. With this offering, you can refinance more borrowers, even if you're not currently servicing the mortgage.

With flexibility that allows LTV ratios up to 125 percent, relief from standard mortgage insurance requirements, and the ability to submit through Loan Prospector[®], you can refinance more borrowers into mortgages that better position them for a successful long-term homeownership experience.
