

AUTHORIZATION FOR SUBSERVICER TO ACCESS FREDDIE MAC SERVICING TOOLS

Our suite of software tools is designed to help manage a portfolio serviced for Freddie Mac. These tools are accessed via FreddieMac.com and include the following:

- 1) **Default Reporting Manager**SM—Provides Electronic Default Reporting (EDR) and Foreclosure Sale Result reports.
- 2) **Timeline Manager**SM—Detailed reports of delinquent mortgages, repayment plans, bankruptcies and foreclosures.
- 3) **Workout Manager**SM—A default management application that analyzes pending and completed workouts in the portfolio you service for us.
- 4) **Expense Manager**SM—Status reports for the expense reimbursement process.
- 5) **REO Manager**SM—Provides reports on the status of the REO portfolio.
- 6) **Incentive Manager**SM—Provides Servicer Incentive reports.
- 7) **Servicer Performance Profiles**SM—Detailed reports of measurements on how well your performance meets Freddie Mac requirements.
- 8) **Remedy Manager**SM— Provides current status of your quality control repurchase and indemnification requests, the reason Freddie Mac issued the request, due date of funds, and more.

Subservicers also have access to secured materials in the Freddie Mac [Learning Center](#).
