¹ Borrowers are asked to report both Race and Ethnicity. Race associated with the loan is based on data for the borrower and, if any, co-borrower. Borrower and co-borrower may be identified with any combination of, and up to, 5 race categories: (1) American Indian or Alaska Native, (2) Asian, (3) Black or African American, (4) Native Hawaiian or Other Pacific Islander, and (5) White. A borrower or co-borrower identified as both White and one minority race is classified as the minority race.

If race is known for one borrower but not the other borrower, the loan is classified according to the known race. A Loan where one borrower is identified as White and the race of the other borrower is missing, or where both the borrower and co-borrower are identified as White, is categorized in one of the two White categories. Separately, ethnicity associated with a loan also is based on data for the borrower and, if any, co-borrower. Borrower and co-borrower may choose either (1) Hispanic or Latino or (2) Not Hispanic or Latino. In this table, the White race category is further categorized as either "Hispanic or Latino," or "Not Hispanic or Latino" Table 5B shows the ethnicity distribution of all loans acquired.

² If the borrower and co-borrower are both identified as the same minority race or different minority races, the loan is classified as the race of the borrower.

³ If the loan is classified as White (see footnote 1) and if either borrower or co-borrower is identified as Hispanic or Latino, the loan is classified as "White - Hispanic or Latino." The category "White - Non Hispanic or Latino" includes loans where borrower and co-borrower are both identified as "Not Hispanic or Latino" or when the ethnicity is missing for both borrowers.

⁴ The loan is classified as "Two or More Minority Races" where: the borrower is identified as two or more minority races and either there is no co-borrower or the co-borrower is identified as one or more minority races; or one borrower's race is missing and the other borrower is identified as two or more minority races.

⁵ If either the borrower or co-borrower is identified as one or more minority race(s) and the other borrower is identified as White, the loan is classified as "Joint."

⁶ This category consists of mortgages where borrower and co-borrower race information is not provided in mail, internet, or telephone application, even if ethnicity data are reported.
