FREDDIE MAC

Freddie Mac was chartered by Congress on July 24, 1970 under the Federal Home Loan Mortgage Corporation Act (the “**Freddie Mac Act**”). Our statutory purposes are:

- to provide stability in the secondary market for residential mortgages,
- to respond appropriately to the private capital market,
- to provide ongoing assistance to the secondary market for residential mortgages (including activities relating to mortgages on housing for low- and moderate-income families involving a reasonable economic return that may be less than the return earned on other activities), and
- to promote access to mortgage credit throughout the United States (including central cities, rural areas and other underserved areas) by increasing the liquidity of mortgage investments and improving the distribution of investment capital available for residential mortgage financing.

Our principal activity is the purchase and financing of single-family and multifamily mortgages. We finance our purchases of residential mortgages and mortgage securities with securitization financing and debt financing. Securitization financing involves the securitization of mortgages in the form of guaranteed mortgage pass-through securities. Debt financing involves the use of debt securities, other liabilities and equity capital to finance mortgages and mortgage-related securities we hold as portfolio investments. We also engage in other activities that help us to fulfill our statutory purposes. Neither the United States nor any agency or instrumentality of the United States (other than Freddie Mac) is obligated, either directly or indirectly, to fund our mortgage purchase or financing activities.

We are subject to two primary types of risk in the conduct of our business: credit risk associated with our total mortgage portfolio and the institutions with which we do business; and interest-rate risk and other market risks that principally result from mismatches between the maturities of the assets and liabilities associated with our mortgage portfolio. We also are subject to operational risk associated with losses that may occur due to human error, system failure, fraud or circumvention of internal controls. For a discussion of the impact and management of these risks, see *Management’s Discussion and Analysis of Financial Condition and Results of Operations* in the Information Statement.

Our principal office is in McLean, Virginia. We have regional offices that are primarily responsible for the performance of various marketing activities and quality control procedures. These offices are located in Atlanta, Georgia; Chicago, Illinois; Dallas, Texas; McLean, Virginia; New York, New York and Woodland Hills, California.

A more detailed discussion of our business appears under *Business* in the Information Statement.

USE OF PROCEEDS

We will use the net proceeds from the sale of Preferred Stock for general corporate purposes, including the purchase of residential mortgages, the redemption of shares of preferred stock we have previously issued, the repayment of outstanding indebtedness and the repurchase of outstanding shares of our stock. The precise amounts and timing of the application of the proceeds will depend on our funding requirements.

We engage in financing transactions continuously. The amount and nature of these transactions are dependent on a number of factors, including the volume of mortgage prepayments and mortgages we purchase, as well as general market conditions.

See Notes 7 and 8 to the Consolidated Financial Statements included in the Information Statement for further information about our debt securities, subordinated borrowings and stockholders' equity.

We engage in transactions affecting stockholders' equity from time to time and we issue or retire debentures, notes and other debt obligations on an ongoing basis. In addition, management anticipates that Statement of Financial Accounting Standards No. 133, "Accounting for Derivative Instruments and Hedging Activities," as amended ("**SFAS 133**"), which we implemented on January 1, 2001, may increase, perhaps materially, the volatility of both "Net income" and "Total stockholders' equity" in future periods. Accordingly, on any date after March 31, 2001, stockholders' equity may differ, and the amount of debt obligations outstanding will differ, and may differ substantially, from the figures contained in this capitalization table.

SELECTED FINANCIAL DATA

We have summarized or derived the following selected financial data for the years 1996 through 2000 from our audited consolidated financial statements or our internal accounting records. These data should be read in conjunction with the audited consolidated financial statements and notes to consolidated financial statements that are presented in our Information Statement. We have summarized or derived the following selected financial data for the three months ended March 31, 2001 and March 31, 2000 from our unaudited condensed consolidated financial statements or from internal accounting records. In management's opinion, these data include all adjustments necessary for a fair presentation. Adjustments included in the table are of a normal, recurring nature, other than adjustments as a result of the adoption of SFAS No. 133, which required us to recognize all derivatives on our balance sheet as either assets or liabilities measured at their fair value beginning on January 1, 2001.

REGULATION AND GOVERNMENTAL RELATIONSHIPS

From time to time, our statutory, structural and regulatory relationships with the federal government may be subject to review or modification. While our status as a government-sponsored enterprise is often advantageous, proposals have been advanced that could adversely affect the fulfillment of our statutory purposes, as well as our results of operations. A more detailed discussion of our regulatory and governmental relationships appears under *Regulation and Governmental Relationships* in the Information Statement.

DESCRIPTION OF VARIABLE RATE PREFERRED STOCK

The Variable Rate Preferred Stock will have the terms shown in its Certificate of Designation attached as *Appendix A*. The following is a summary of those terms.

General

Section 306(f) of the Freddie Mac Act authorizes us to issue an unlimited number of shares of preferred stock. The shares of Variable Rate Preferred Stock we are offering will have a par value of \$1.00 per share and will be created by its Certificate of Designation.

First Chicago Trust Company, New York, New York, will be the transfer agent, dividend disbursing agent and registrar for the Variable Rate Preferred Stock.

Authorized Issuance

Our Board of Directors has authorized us to issue the shares of Variable Rate Preferred Stock. The Board may increase the authorized number of shares at any time, without the consent of the holders of Variable Rate Preferred Stock. We may “reopen” this offering at any time by offering additional shares of the Variable Rate Preferred Stock at prices to be determined at that time.

Dividends

General

Dividends on shares of the Variable Rate Preferred Stock are not mandatory. If you own shares of Variable Rate Preferred Stock, you will be entitled to receive non-cumulative, quarterly cash dividends which will accrue from but not including May 30, 2001 and will be payable on March 31, June 30, September 30 and December 31 of each year (each, a “**Dividend Payment Date**”), beginning on September 30, 2001. However, dividends are payable only if declared by our Board of Directors in its sole discretion, out of funds legally available for dividend payments.

If a Dividend Payment Date is not a Business Day, the related dividend will be paid on the next Business Day with the same effect as though paid on the Dividend Payment Date, without any increase to account for the period from the Dividend Payment Date through the date of actual payment. “**Business Day**” means a day other than (a) Saturday or Sunday, (b) a day on which New York City banks are closed or (c) a day on which our offices are closed. We will make dividend payments to holders of record on the record date established by our Board of Directors, which will be from 10 to 45 days before the applicable Dividend Payment Date.

The dividend rate for the period from May 30, 2001 through and including June 30, 2003 will be 4.48%. Thereafter, dividends will accrue at a variable per annum rate equal to the 2-year CMT Rate plus 0.20%, but not greater than 11%. On July 1, 2003, and on July 1 every two years thereafter, we will replace the previous dividend rate with a new dividend rate equal to the then-current 2-year CMT Rate plus 0.20%. We will determine the 2-year CMT Rate for each two-year

period on the second Business Day before the first day of that period (each, a “**CMT Determination Date**”).

If we declare a dividend for the September 30, 2001 Dividend Payment Date, that initial dividend, which will be for the “**Dividend Period**” from but not including May 30, 2001 through and including September 30, 2001, will be \$0.74667 per share and will be payable on September 30, 2001. Thereafter, the “**Dividend Period**” relating to a Dividend Payment Date will be the period from but not including the preceding Dividend Payment Date through and including the related Dividend Payment Date.

We will compute the amount of dividends payable on the Variable Rate Preferred Stock for any period shorter than a full Dividend Period on the basis of twelve 30-day months and a 360-day year. We will compute any dividends payable on the Variable Rate Preferred Stock for each full Dividend Period by dividing the annual dividend by four. If we redeem the Variable Rate Preferred Stock, we will include the dividend that would otherwise be payable for the Dividend Period ending on the date of redemption in the redemption price of the shares redeemed. We will not pay this dividend to you separately.

Determination of 2-year CMT Rate

We determine the “**2-year CMT Rate**” as follows:

1. The 2-year CMT Rate for any CMT Determination Date will be the rate (not greater than 10.80%) equal to the weekly average interest rate of U.S. Treasury securities having an index maturity of two years for the week that ends immediately before the week in which the relevant CMT Determination Date falls, as that rate appears on page “7052” on Telerate (or any other page that replaces the 7052 page on that service or any successor service) under the heading “. . . Treasury Constant Maturities . . . Federal Reserve Board Release H.15 . . . Mondays Approximately 3:45 p.m.”

2. If the applicable rate described in clause 1 above is not displayed on Telerate page 7052 at 3:00 p.m., New York City time, on the CMT Determination Date, then the 2-year CMT Rate will be the Treasury constant maturity rate applicable to a two-year index maturity for the weekly average as published in H.15(519).

3. If the applicable rate described in clause 2 above does not appear in H.15(519) at 3:00 p.m., New York City time, on the CMT Determination Date, then the 2-year CMT Rate will be the Treasury constant maturity rate, or other U.S. Treasury rate, applicable to a two-year index maturity with reference to the CMT Determination Date, that:

- is published by the Board of Governors of the Federal Reserve System or the U.S. Department of the Treasury; and
- we have determined to be comparable to the applicable rate formerly displayed on Telerate page 7052 and published in H.15(519).

4. If the rate described in clause 3 above does not appear at 3:00 p.m., New York City time, on the CMT Determination Date, then the 2-year CMT Rate will be the yield to maturity of the arithmetic mean of the secondary market offered rates for Treasury notes having an original maturity of approximately two years and a remaining term to maturity of not less than one year, and in a representative amount, as of approximately 3:30 p.m., New York City time,

on the CMT Determination Date, as quoted by three primary U.S. government securities dealers in New York City that we select. In selecting these offered rates, we will request quotations from five primary dealers and will disregard the highest quotation — or, if there is equality, one of the highest — and the lowest quotation — or, if there is equality, one of the lowest. Treasury notes are direct, non-callable, fixed rate obligations of the U.S. government.

5. If we are unable to obtain three quotations of the kind described in clause 4 above, the 2-year CMT Rate will be the yield to maturity of the arithmetic mean of the secondary market offered rates for Treasury notes with an original maturity longer than two years and a remaining term to maturity closest to two years, and in a representative amount, as of approximately 3:30 p.m., New York City time, on the CMT Determination Date, as quoted by three primary U.S. government securities dealers in New York City that we select. In selecting these offered rates, we will request quotations from five primary dealers and will disregard the highest quotation — or, if there is equality, one of the highest — and the lowest quotation — or, if there is equality, one of the lowest. If two Treasury notes with an original maturity longer than two years have remaining terms to maturity that are equally close to two years, we will obtain quotations for the Treasury note with the shorter remaining term to maturity.

6. If fewer than five but more than two primary dealers are quoting offered rates as described above in clause 5, then the 2-year CMT Rate for the CMT Determination Date will be based on the arithmetic mean of the offered rates so obtained, and neither the highest nor the lowest of those quotations will be disregarded.

7. If two or fewer primary dealers are quoting offered rates as described above in clause 5, the 2-year CMT Rate in effect for the new Dividend Period will be the 2-year CMT Rate in effect for the prior Dividend Period.

“**H.15(519)**” means the weekly statistical release entitled “Statistical Release H.15(519),” or any successor publication, published by the Board of Governors of the Federal Reserve System.

In the absence of clear error, our determination of the 2-year CMT Rate and dividend rate will be final and binding. You can obtain the 2-year CMT Rates and the dividend rates for the current and preceding Dividend Periods by contacting us at:

Preferences and Limitations

The Variable Rate Preferred Stock will rank prior to our Voting Common Stock, par value \$0.21 per share (the “**Common Stock**”), with respect to dividends, as provided in the Certificate of Designation for the Variable Rate Preferred Stock. We will not declare or pay any dividend on the Common Stock or any other junior stock unless dividends have been declared and paid or set apart, or ordered to be set apart, on the Variable Rate Preferred Stock for the then-current Dividend Period. The Variable Rate Preferred Stock will rank equally with respect to dividends with the Fixed

Rate Preferred Stock and our currently outstanding classes of Preferred Stock (the “**Existing Preferred Stock**”), which are listed in Section 1 of the Certificate of Designation for the Variable Rate Preferred Stock.

Dividends on the Variable Rate Preferred Stock are not cumulative. If we do not pay a dividend on the Variable Rate Preferred Stock, the holders of the Variable Rate Preferred Stock will have no claim to a payment as long as we do not pay a dividend for the then-current period on our Common Stock, any other junior stock, the Fixed Rate Preferred Stock, or the Existing Preferred Stock.

Our Board of Directors may, in its discretion, choose to pay dividends on the Variable Rate Preferred Stock without paying dividends on the Common Stock.

We offer and sell subordinated debt. The terms of the subordinated debt that we currently offer provide for the deferral of interest payments under certain specified circumstances of financial distress. The terms of the subordinated debt prohibit the payment of dividends on our stock, including the Variable Rate Preferred Stock, during any period when we have deferred paying interest on such subordinated debt.

We will not declare or pay any dividends on the Variable Rate Preferred Stock if at the same time any arrears or default exists in the payment of dividends on any outstanding class or series of our stock ranking prior to the Variable Rate Preferred Stock with respect to the payment of dividends. At the time of issuance of the Variable Rate Preferred Stock, no class or series of our stock ranking prior to the Variable Rate Preferred Stock will exist.

Holders of shares of the Variable Rate Preferred Stock will not be entitled to any dividends, whether payable in cash or property, other than as described above and will not be entitled to interest, or any sum in lieu of interest, in respect of any dividend payment. See *Regulatory Matters* below for a description of possible regulatory restrictions on our ability to pay dividends.

Changes in the Dividends-Received Percentage

General

If one or more amendments to the Code enacted before November 30, 2002 reduce the percentage of the dividends-received deduction (currently 70%) as specified in section 243(a)(1) of the Code or any successor provision (the “**Dividends-Received Percentage**”), we will make certain adjustments in the dividends payable on the Variable Rate Preferred Stock, and Post Declaration Date Dividends and Retroactive Dividends may become payable, as described below.

We will adjust the amount of each dividend per share of Variable Rate Preferred Stock for dividend payments made on or after the effective date of such a change in the Code, by multiplying the amount of the dividend payable as described above under *Dividends — General* (before adjustment) by a factor, which will be the number determined in accordance with the following formula (the “**DRD Formula**”), and rounding the result to the nearest cent (with one-half cent rounded up):

$$\frac{1-.35(1-.70)}{1-.35(1-DRP)}$$

For the purposes of the DRD Formula, “**DRP**” means the Dividends-Received Percentage (expressed as a decimal) applicable to the dividend in question; however, if the Dividends-Received

Percentage applicable to the dividend in question is less than 50%, then the DRP will equal .50. If the amount of any dividend payable on the Variable Rate Preferred Stock is adjusted through the application of the DRD Formula, the resulting dividend rate may exceed 11% per annum. No amendment to the Code, other than a change in the percentage of the dividends-received deduction in section 243(a)(1) of the Code or any successor provision, or a change in the percentage of the dividends-received deduction for certain categories of stock that is applicable to the Variable Rate Preferred Stock, will give rise to an adjustment.

No adjustment in the dividends will be made, and no Post Declaration Date Dividends or Retroactive Dividends will be payable, as a result of any amendment to the Code enacted on or after November 30, 2002.

If we receive either an unqualified opinion of nationally recognized independent tax counsel or a private letter ruling or similar form of assurance from the Internal Revenue Service (the “IRS”) that an amendment does not apply to a dividend payable on the Variable Rate Preferred Stock, then the amendment will not result in an adjustment, in Post Declaration Date Dividends or in Retroactive Dividends. Any opinion of counsel must be based upon the legislation amending or establishing the DRP or upon a published pronouncement of the IRS. Unless the context otherwise requires, references to dividends in this Offering Circular will mean dividends as adjusted by the DRD Formula. Our calculation of the dividends as so adjusted will be final.

If we adjust the amount of dividends or if we are going to pay Post Declaration Date Dividends or Retroactive Dividends, we will notify you of that fact.

Post Declaration Date Dividends

If an amendment to the Code as described above is enacted after the dividend payable on a Dividend Payment Date has been declared but before that dividend is paid, the amount of the dividend payable will not be increased. Instead, additional dividends (“**Post Declaration Date Dividends**”) equal to the excess of:

- the product of the dividend we paid on that Dividend Payment Date and the DRD Formula (where the DRP used in the DRD Formula would be equal to the greater of the Dividends-Received Percentage applicable to the dividend in question and .50), over
- the dividend we paid on that Dividend Payment Date

will be payable, if declared, to holders of Variable Rate Preferred Stock on the record date applicable to the next succeeding Dividend Payment Date, in addition to any other amounts payable on that date.

Retroactive Dividends

If an amendment to the Code as described above is enacted and the reduction in the Dividends-Received Percentage retroactively applies to a Dividend Payment Date on which we previously paid dividends on the Variable Rate Preferred Stock (an “**Affected Dividend Payment Date**”), we will pay, if declared, additional dividends (“**Retroactive Dividends**”) to holders of Variable Rate Preferred Stock on the record date applicable to the next succeeding Dividend Payment Date — or, if the amendment is enacted after the dividend payable on such Dividend Payment Date has been declared, to holders of Variable Rate Preferred Stock on the record date applicable to the second

succeeding Dividend Payment Date following the date of enactment. The Retroactive Dividends will equal the excess of:

- the product of the dividend we paid on each Affected Dividend Payment Date and the DRD Formula (where the DRP used in the DRD Formula would be equal to the greater of the Dividends-Received Percentage and .50 applied to each Affected Dividend Payment Date), over
- the sum of the dividends we paid on each Affected Dividend Payment Date.

We will make only one payment of Retroactive Dividends for any such amendment.

Optional Redemption

The Variable Rate Preferred Stock will not be redeemable before June 30, 2003. On that date and on June 30 every two years thereafter, we may redeem the Variable Rate Preferred Stock, in whole or in part, out of legally available funds. The redemption price will be \$50.00 per share plus an amount equal to the amount of the dividend that would otherwise be payable for the Dividend Period ending on the date of redemption. If we redeem less than all of the outstanding shares of the Variable Rate Preferred Stock, we will select shares to be redeemed by lot or pro rata (as nearly as possible) or by any other method which we deem equitable.

We will give notice of optional redemption by mail to holders of the Variable Rate Preferred Stock from 30 days to 60 days before the redemption date. Each notice will state the number of shares of Variable Rate Preferred Stock being redeemed, the redemption price, the redemption date and the place at which a holder's Variable Rate Preferred Stock certificates must be presented for redemption.

On and after the redemption date, the shares of Variable Rate Preferred Stock called for redemption will no longer be deemed outstanding, and all rights of the holders of those shares will cease.

The terms of our currently offered subordinated debt prohibit us from redeeming our stock, including the Variable Rate Preferred Stock, during any period when we have deferred paying interest on the subordinated debt. The terms of the subordinated debt provide for the deferral of interest payments under certain specified circumstances of financial distress.

See *Regulatory Matters* below for a description of possible regulatory restrictions on our ability to redeem the Variable Rate Preferred Stock.

No Preemptive Rights and No Conversion

As a holder of Variable Rate Preferred Stock, you will not have any preemptive right to purchase or subscribe for any other shares, rights, options or other securities. You will not have any right to convert your shares into or exchange your shares for any other class or series of our stock or obligations.

No Voting Rights

Section 306(f) of the Freddie Mac Act prohibits the holders of Variable Rate Preferred Stock from voting for the election of any member of our Board of Directors. Except as described under *Amendments* below, as a holder you will not be entitled to vote.

Liquidation Rights

If Freddie Mac voluntarily or involuntarily dissolves, liquidates or winds up our business, then, after payment of or provision for our liabilities and the expenses of dissolution, liquidation or winding up, the holders of the outstanding shares of the Variable Rate Preferred Stock will be entitled to receive out of our assets available for distribution to stockholders, before any payment or distribution is made on the Common Stock or any other junior stock, \$50.00 per share plus an amount equal to the dividend for the then-current quarterly Dividend Period accrued through and including the date of the liquidation payment.

In the event of our dissolution, liquidation or winding up, the rights of the Variable Rate Preferred Stock rank equally with those of the Fixed Rate Preferred Stock and the Existing Preferred Stock. If our assets available for distribution to shareholders are insufficient to pay in full the aggregate amount payable to holders of the Variable Rate Preferred Stock, the Fixed Rate Preferred Stock, the Existing Preferred Stock and any other class or series of stock of equal priority upon liquidation, the assets will be distributed to the holders of Variable Rate Preferred Stock, the Fixed Rate Preferred Stock, the Existing Preferred Stock and such other stock pro rata, based on the amounts to which they are entitled.

Notwithstanding the foregoing, holders of the Variable Rate Preferred Stock will not be entitled to be paid any amount in respect of our dissolution, liquidation or winding up until holders of any classes or series of our stock ranking prior to the Variable Rate Preferred Stock upon liquidation have been paid all amounts to which they are entitled.

Our consolidation, merger or combination with or into any other corporation or entity, or the sale of all or substantially all of our property or business, will not constitute a liquidation, dissolution or winding up for purposes of these provisions on liquidation rights.

Additional Classes or Series of Stock

We will have the right to create and issue additional classes or series of stock ranking prior to, equally with or junior to the Variable Rate Preferred Stock, as to dividends, liquidation or otherwise, without the consent of holders of the Variable Rate Preferred Stock.

Amendments

Without the consent of the holders of the Variable Rate Preferred Stock, we will have the right to amend the Certificate of Designation for the Variable Rate Preferred Stock to cure any ambiguity, to correct or supplement any term which may be defective or inconsistent with any other term or to make any other provisions so long as the amendment does not materially and adversely affect the interests of the holders of the Variable Rate Preferred Stock. Otherwise, we may amend the Certificate of Designation for the Variable Rate Preferred Stock only with the consent of the holders of at least two-thirds of the outstanding shares of Variable Rate Preferred Stock. On matters requiring consent, each holder will be entitled to one vote per share.

NYSE Listing

We have applied to list the Variable Rate Preferred Stock on the NYSE. Approval of our application will be subject, among other things, to satisfactory distribution of the Variable Rate Preferred Stock.

DESCRIPTION OF FIXED RATE PREFERRED STOCK

The Fixed Rate Preferred Stock will have the terms shown in its Certificate of Designation attached as *Appendix B*. The following is a summary of those terms.

General

Section 306(f) of the Freddie Mac Act authorizes us to issue an unlimited number of shares of preferred stock. The shares of Fixed Rate Preferred Stock we are offering will have a par value of \$1.00 per share and will be created by its Certificate of Designation.

First Chicago Trust Company, New York, New York, will be the transfer agent, dividend disbursing agent and registrar for the Fixed Rate Preferred Stock.

Authorized Issuance

Our Board of Directors has authorized us to issue the shares of Fixed Rate Preferred Stock. The Board may increase the authorized number of shares at any time, without the consent of the holders of Fixed Rate Preferred Stock. We may “reopen” this offering at any time by offering additional shares of the Fixed Rate Preferred Stock at prices to be determined at that time.

Dividends

General

Dividends on shares of the Fixed Rate Preferred Stock are not mandatory. If you own shares of Fixed Rate Preferred Stock, you will be entitled to receive non-cumulative, quarterly cash dividends which will accrue from but not including May 30, 2001 and will be payable on March 31, June 30, September 30 and December 31 of each year (each, a “**Dividend Payment Date**”), beginning on September 30, 2001. Dividends on shares of the Fixed Rate Preferred Stock will accrue at an annual rate of \$3.00 per share. However, dividends are payable only if declared by our Board of Directors in its sole discretion, out of funds legally available for dividend payments.

If a Dividend Payment Date is not a Business Day, the related dividend will be paid on the next Business Day with the same effect as though paid on the Dividend Payment Date, without any increase to account for the period from the Dividend Payment Date through the date of actual payment. “**Business Day**” means a day other than (a) Saturday or Sunday, (b) a day on which New York City banks are closed or (c) a day on which our offices are closed. We will make dividend payments to holders of record on the record date established by our Board of Directors, which will be from 10 to 45 days before the applicable Dividend Payment Date.

If we declare a dividend for the September 30, 2001 Dividend Payment Date, that initial dividend, which will be for the “**Dividend Period**” from but not including May 30, 2001 through and including September 30, 2001, will be \$1.00 per share and will be payable on September 30, 2001. Thereafter, the “**Dividend Period**” relating to a Dividend Payment Date will be the period from but not including the preceding Dividend Payment Date through and including the related Dividend Payment Date.

We will compute the amount of dividends payable on the Fixed Rate Preferred Stock for any period shorter than a full Dividend Period on the basis of twelve 30-day months and a 360-day year. We will compute any dividends payable on the Fixed Rate Preferred Stock for each full Dividend

Period by dividing the annual dividend by four. If we redeem the Fixed Rate Preferred Stock, we will include the dividend that would otherwise be payable for the Dividend Period in which the redemption date falls, accrued through the redemption date, in the redemption price of the shares redeemed. We will not pay this dividend to you separately.

Preferences and Limitations

The Fixed Rate Preferred Stock will rank prior to our Voting Common Stock, par value \$0.21 per share (the “**Common Stock**”), with respect to dividends, as provided in the Certificate of Designation for the Fixed Rate Preferred Stock. We will not declare or pay any dividend on the Common Stock or any other junior stock unless dividends have been declared and paid or set apart, or ordered to be set apart, on the Fixed Rate Preferred Stock for the then-current Dividend Period. The Fixed Rate Preferred Stock will rank equally with respect to dividends with the Variable Rate Preferred Stock and our currently outstanding classes of Preferred Stock (the “**Existing Preferred Stock**”), which are listed in Section 1 of the Certificate of Designation for the Fixed Rate Preferred Stock.

Dividends on the Fixed Rate Preferred Stock are not cumulative. If we do not pay a dividend on the Fixed Rate Preferred Stock, the holders of the Fixed Rate Preferred Stock will have no claim to a payment as long as we do not pay a dividend for the then-current period on our Common Stock, any other junior stock, the Variable Rate Preferred Stock or the Existing Preferred Stock.

Our Board of Directors may, in its discretion, choose to pay dividends on the Fixed Rate Preferred Stock without paying dividends on the Common Stock.

We offer and sell subordinated debt. The terms of the subordinated debt that we currently offer provide for the deferral of interest payments under certain specified circumstances of financial distress. The terms of the subordinated debt prohibit the payment of dividends on our stock, including the Fixed Rate Preferred Stock, during any period when we have deferred paying interest on such subordinated debt.

We will not declare or pay any dividends on the Fixed Rate Preferred Stock if at the same time any arrears or default exists in the payment of dividends on any outstanding class or series of our stock ranking prior to the Fixed Rate Preferred Stock with respect to the payment of dividends. At the time of issuance of the Fixed Rate Preferred Stock, no class or series of our stock ranking prior to the Fixed Rate Preferred Stock will exist.

Holders of shares of the Fixed Rate Preferred Stock will not be entitled to any dividends, whether payable in cash or property, other than as described above and will not be entitled to interest, or any sum in lieu of interest, in respect of any dividend payment. See *Regulatory Matters* below for a description of possible regulatory restrictions on our ability to pay dividends.

Changes in the Dividends-Received Percentage

General

If one or more amendments to the Code enacted before November 30, 2002 reduce the percentage of the dividends-received deduction (currently 70%) as specified in section 243(a)(1) of the Code or any successor provision (the “**Dividends-Received Percentage**”), we will make certain adjustments in the dividends payable on the Fixed Rate Preferred Stock, and Post Declaration Date Dividends and Retroactive Dividends may become payable, as described below.

We will adjust the amount of each dividend per share of Fixed Rate Preferred Stock for dividend payments made on or after the effective date of such a change in the Code, by multiplying the amount of the dividend payable as described above under *Dividends — General* (before adjustment) by a factor, which will be the number determined in accordance with the following formula (the “**DRD Formula**”), and rounding the result to the nearest cent (with one-half cent rounded up):

$$\frac{1-.35(1-.70)}{1-.35(1-DRP)}$$

For the purposes of the DRD Formula, “**DRP**” means the Dividends-Received Percentage (expressed as a decimal) applicable to the dividend in question; however, if the Dividends-Received Percentage applicable to the dividend in question is less than 50%, then the DRP will equal .50. No amendment to the Code, other than a change in the percentage of the dividends-received deduction in section 243(a)(1) of the Code or any successor provision, or a change in the percentage of the dividends-received deduction for certain categories of stock that is applicable to the Fixed Rate Preferred Stock, will give rise to an adjustment.

No adjustment in the dividends will be made, and no Post Declaration Date Dividends or Retroactive Dividends will be payable, as a result of any amendment to the Code enacted on or after November 30, 2002.

If we receive either an unqualified opinion of nationally recognized independent tax counsel or a private letter ruling or similar form of assurance from the Internal Revenue Service (the “**IRS**”) that an amendment does not apply to a dividend payable on the Fixed Rate Preferred Stock, then the amendment will not result in an adjustment, in Post Declaration Date Dividends or in Retroactive Dividends. Any opinion of counsel must be based upon the legislation amending or establishing the DRP or upon a published pronouncement of the IRS. Unless the context otherwise requires, references to dividends in this Offering Circular will mean dividends as adjusted by the DRD Formula. Our calculation of the dividends as so adjusted will be final.

If we adjust the amount of dividends or if we are going to pay Post Declaration Date Dividends or Retroactive Dividends, we will notify you of that fact.

Post Declaration Date Dividends

If an amendment to the Code as described above is enacted after the dividend payable on a Dividend Payment Date has been declared but before that dividend is paid, the amount of the dividend payable will not be increased. Instead, additional dividends (“**Post Declaration Date Dividends**”) equal to the excess of:

- the product of the dividend we paid on that Dividend Payment Date and the DRD Formula (where the DRP used in the DRD Formula would be equal to the greater of the Dividends-Received Percentage applicable to the dividend in question and .50), over
- the dividend we paid on that Dividend Payment Date

will be payable, if declared, to holders of Fixed Rate Preferred Stock on the record date applicable to the next succeeding Dividend Payment Date, in addition to any other amounts payable on that date.

Retroactive Dividends

If an amendment to the Code as described above is enacted and the reduction in the Dividends-Received Percentage retroactively applies to a Dividend Payment Date on which we previously paid dividends on the Fixed Rate Preferred Stock (an “**Affected Dividend Payment Date**”), we will pay, if declared, additional dividends (“**Retroactive Dividends**”) to holders of Fixed Rate Preferred Stock on the record date applicable to the next succeeding Dividend Payment Date — or, if the amendment is enacted after the dividend payable on such Dividend Payment Date has been declared, to holders of Fixed Rate Preferred Stock on the record date applicable to the second succeeding Dividend Payment Date following the date of enactment. The Retroactive Dividends will equal the excess of:

- the product of the dividend we paid on each Affected Dividend Payment Date and the DRD Formula (where the DRP used in the DRD Formula would be equal to the greater of the Dividends-Received Percentage and .50 applied to each Affected Dividend Payment Date), over
- the sum of the dividends we paid on each Affected Dividend Payment Date.

We will make only one payment of Retroactive Dividends for any such amendment.

Optional Redemption

The Fixed Rate Preferred Stock will not be redeemable before June 30, 2006. At any time on or after that date, we may redeem the Fixed Rate Preferred Stock, in whole or in part, out of legally available funds. The redemption price will be \$50.00 per share plus an amount equal to the amount of the dividend that would otherwise be payable for the Dividend Period in which the redemption date falls, accrued through the redemption date. If we redeem less than all of the outstanding shares of the Fixed Rate Preferred Stock, we will select shares to be redeemed by lot or pro rata (as nearly as possible) or by any other method which we deem equitable.

We will give notice of optional redemption by mail to holders of the Fixed Rate Preferred Stock from 30 days to 60 days before the redemption date. Each notice will state the number of shares of Fixed Rate Preferred Stock being redeemed, the redemption price, the redemption date and the place at which a holder’s Fixed Rate Preferred Stock certificates must be presented for redemption.

On and after the redemption date, the shares of Fixed Rate Preferred Stock called for redemption will no longer be deemed outstanding, and all rights of the holders of those shares will cease.

The terms of our currently offered subordinated debt prohibit us from redeeming our stock, including the Fixed Rate Preferred Stock, during any period when we have deferred paying interest on the subordinated debt. The terms of the subordinated debt provide for the deferral of interest payments under certain specified circumstances of financial distress.

See *Regulatory Matters* below for a description of possible regulatory restrictions on our ability to redeem the Fixed Rate Preferred Stock.

No Preemptive Rights and No Conversion

As a holder of Fixed Rate Preferred Stock, you will not have any preemptive right to purchase or subscribe for any other shares, rights, options or other securities. You will not have any right to

convert your shares into or exchange your shares for any other class or series of our stock or obligations.

No Voting Rights

Section 306(f) of the Freddie Mac Act prohibits the holders of Fixed Rate Preferred Stock from voting for the election of any member of our Board of Directors. Except as described under *Amendments* below, as a holder you will not be entitled to vote.

Liquidation Rights

If Freddie Mac voluntarily or involuntarily dissolves, liquidates or winds up our business, then, after payment of or provision for our liabilities and the expenses of dissolution, liquidation or winding up, the holders of the outstanding shares of the Fixed Rate Preferred Stock will be entitled to receive out of our assets available for distribution to stockholders, before any payment or distribution is made on the Common Stock or any other junior stock, \$50.00 per share plus an amount equal to the dividend for the then-current quarterly Dividend Period accrued through and including the date of the liquidation payment.

In the event of our dissolution, liquidation or winding up, the rights of the Fixed Rate Preferred Stock rank equally with those of the Variable Rate Preferred Stock and the Existing Preferred Stock. If our assets available for distribution to shareholders are insufficient to pay in full the aggregate amount payable to holders of the Fixed Rate Preferred Stock, the Variable Rate Preferred Stock, the Existing Preferred Stock and any other class or series of stock of equal priority upon liquidation, the assets will be distributed to the holders of Fixed Rate Preferred Stock, the Variable Rate Preferred Stock, the Existing Preferred Stock and such other stock pro rata, based on the amounts to which they are entitled.

Notwithstanding the foregoing, holders of the Fixed Rate Preferred Stock will not be entitled to be paid any amount in respect of our dissolution, liquidation or winding up until holders of any classes or series of our stock ranking prior to the Fixed Rate Preferred Stock upon liquidation have been paid all amounts to which they are entitled.

Our consolidation, merger or combination with or into any other corporation or entity, or the sale of all or substantially all of our property or business, will not constitute a liquidation, dissolution or winding up for purposes of these provisions on liquidation rights.

Additional Classes or Series of Stock

We will have the right to create and issue additional classes or series of stock ranking prior to, equally with or junior to the Fixed Rate Preferred Stock, as to dividends, liquidation or otherwise, without the consent of holders of the Fixed Rate Preferred Stock.

Amendments

Without the consent of the holders of the Fixed Rate Preferred Stock, we will have the right to amend the Certificate of Designation for the Fixed Rate Preferred Stock to cure any ambiguity, to correct or supplement any term which may be defective or inconsistent with any other term or to make any other provisions so long as the amendment does not materially and adversely affect the interests of the holders of the Fixed Rate Preferred Stock. Otherwise, we may amend the Certificate

of Designation for the Fixed Rate Preferred Stock only with the consent of the holders of at least two-thirds of the outstanding shares of Fixed Rate Preferred Stock. On matters requiring consent, each holder will be entitled to one vote per share.

NYSE Listing

We have applied to list the Fixed Rate Preferred Stock on the NYSE. Approval of our application will be subject, among other things, to satisfactory distribution of the Fixed Rate Preferred Stock.

REGULATORY MATTERS

Neither our right to declare dividends on nor our right to redeem the Preferred Stock is currently subject to prior regulatory approval. Under the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 (the “**GSE Act**”), our ability to exercise these rights may be subject to regulatory approval only if we fail to meet applicable capital standards.

The GSE Act established our minimum capital, critical capital and risk-based capital standards.

The GSE Act has required that we maintain “core capital” in an amount that equals or exceeds the levels established under the minimum and critical capital standards since the GSE Act was enacted in 1992. In June 1996, the Director (the “**Director**”) of the Office of Federal Housing Enterprise Oversight (“**OFHEO**”) issued a final minimum capital regulation that interprets the minimum capital standard and implements a calculation methodology similar to the methodology OFHEO applied on an interim basis since the GSE Act was enacted.

The GSE Act does not require us to maintain “total capital” at a level that equals or exceeds the risk-based capital standard until the Director issues a final risk-based capital regulation establishing the risk-based capital stress test (the risk-based capital level cannot be determined from the GSE Act alone).

The Director of OFHEO has issued a proposed regulation to implement the risk-based capital standard. We submitted to OFHEO extensive comments on the proposal. We understand that OFHEO plans to issue a final risk-based capital rule in 2001. We believe that a reasonable implementation of the risk-based capital standard would be consistent with our internal assessment of capital adequacy.

Until a final risk-based capital regulation has been issued and in effect for one year, Freddie Mac is to be classified as adequately capitalized, the highest capital classification, so long as it meets the minimum capital standard.

Subject to the applicability of the risk-based capital standard described above, we may pay a dividend without prior OFHEO approval if the payment would not decrease our total capital to an amount less than our risk-based capital level and would not decrease the core capital level to an amount less than our minimum capital level. Beginning one year after the final risk-based capital regulation is issued, if our total capital is less than the risk-based capital level, but our core capital equals or exceeds the minimum capital level, we are prohibited from making a dividend payment that would decrease our core capital to an amount less than the minimum capital level. At any time, if our core capital is less than the minimum capital level, we may make a dividend payment only if

the dividend payment satisfies certain statutory standards and would not decrease our core capital to less than the critical capital level and if the Director approves the payment.

In addition to the preceding requirements that relate directly to the payment of dividends, the Director has authority, under certain conditions, to require that we submit for the Director's approval a capital restoration plan or that we restrict our activities, either of which also could affect the payment of dividends. Specifically, if the Director determines, after the risk-based capital regulation has been in effect for one year, that we fail to meet the risk-based capital standard, or if the Director determines, at any time, that we fail to meet the minimum capital standard, we will be required to submit for the Director's approval a capital restoration plan setting forth a feasible plan for restoring our capital level. In addition, if we at any time fail to meet the minimum capital standard, the Director is authorized to impose various limitations on our activities. If, at any time, the Director determines that we fail to meet the critical capital standard, the Director may appoint a conservator.

If the Director does not approve a required capital restoration plan or determines that we have failed to make reasonable efforts to comply with such a plan, then the Director may treat us as not meeting capital standards that we otherwise meet and take the actions authorized when we do not meet such standards. Similarly, beginning one year after OFHEO issues a final risk-based capital regulation, if the Director determines that we are engaging in conduct not approved by the Director that could result in a rapid depletion of core capital or that the value of the property subject to mortgages we hold or have securitized has decreased significantly, the Director is authorized to treat us as not meeting capital standards that we otherwise meet.

If we fail to meet or are treated by the Director as not meeting applicable capital standards and the Director has reasonable cause to believe that we are engaging in or about to engage in any conduct (which could include the payment of dividends) that threatens to result in a material depletion of our core capital, then the Director is authorized to commence proceedings under which, after a hearing, the Director could issue a cease-and-desist order prohibiting such conduct. If we meet all applicable capital standards and the Director determines that the conduct in question is likely to cause a significant depletion of core capital, the Director is authorized to commence proceedings under which, after a hearing, the Director could issue a cease-and-desist order prohibiting such conduct. In addition, regardless of whether we meet applicable capital standards, if the Director determines that such conduct is likely to cause a significant depletion of core capital, insolvency or otherwise cause irreparable harm to Freddie Mac, the Director can issue a temporary cease-and-desist order without a hearing, which would be effective until completion of the cease-and-desist proceedings.

The Director has the authority to require us to submit a report to the Director regarding any capital distribution (including any dividend) declared by us before we make the distribution.

The foregoing discussion with respect to the payment of dividends is equally applicable to our redemption of the Preferred Stock and is based on our understanding and interpretations of the relevant provisions of the GSE Act. OFHEO has not yet issued any definitive guidance as to its interpretations of these provisions of the GSE Act. Until OFHEO has provided such guidance, we cannot be certain that the foregoing discussion will be consistent with OFHEO's interpretation in every respect. A more detailed discussion of the regulatory oversight of our capitalization and the terms used above appears under *Management's Discussion and Analysis of Financial Condition and*

CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The Preferred Stock and payments on it are generally subject to taxation by the United States and other taxing jurisdictions to the same extent as stock of any other corporation. The following discussion addresses some of the U.S. federal income tax consequences that may result from ownership of the Preferred Stock by a U.S. person who holds the Preferred Stock as a capital asset.

For this purpose, a U.S. person is an individual who is a citizen or resident of the United States for federal income tax purposes, a corporation, partnership or other type of entity organized under the laws of the United States or any State (other than a partnership that is not treated as a U.S. person under any applicable Treasury regulations), an estate whose income is subject to U.S. federal income tax regardless of its source, or a trust if a court within the United States is able to exercise primary supervision of the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust. Notwithstanding the preceding sentence, to the extent provided in Treasury regulations, certain trusts in existence on August 20, 1996, and treated as U.S. persons prior to such date, that elect to continue to be treated as U.S. persons, also will be U.S. persons.

This discussion does not purport to address all rules which may apply to particular investors. Investors are encouraged to consult their own tax advisors regarding the federal, state, local and foreign tax considerations applicable to an investment in the Preferred Stock.

This discussion reflects current federal income tax laws and regulations and administrative and judicial interpretations. Changes to any of these that occur after the date of this Offering Circular may affect the tax consequences that we describe.

Dividends

Distributions on the Preferred Stock which are paid out of current earnings and profits, or earnings and profits accumulated after 1984, generally constitute dividends taxable as ordinary income. To the extent that the amount of any distribution paid on a share of Preferred Stock exceeds the current or accumulated earnings and profits for federal income tax purposes attributable to that share, such excess will be treated first as a return of capital (rather than as ordinary income) and will be applied against and reduce the holder's adjusted tax basis in that share of Preferred Stock. Any such amount in excess of the holder's adjusted tax basis will then be taxed as capital gain. For purposes of the remainder of this discussion, it is assumed that dividends paid with respect to the Preferred Stock will constitute dividends for U.S. federal income tax purposes.

Dividends received by corporations generally will be eligible for the dividends-received deduction. The dividends-received deduction is available only with respect to a dividend received on stock held for more than 45 days (or more than 90 days in the case of a dividend on preferred stock attributable to periods aggregating in excess of 366 days), including the day of disposition but not the day of acquisition. This holding period must be satisfied during the 90-day period (180-day period in the case of a preferred stock dividend attributable to periods aggregating in excess of 366 days) beginning on the date which is 45 (90) days before the date on which the stock becomes ex-dividend with respect to the dividend. The length of time that a corporate shareholder is deemed to

have held stock for these purposes is reduced for periods during which the shareholder's risk of loss with respect to the stock is diminished by reason of the existence of certain options, contracts to sell, short sales or other similar transactions. The amount of such deduction generally will equal 70 percent of the amount of the dividends received, subject to reduction in certain events, including where a holder has indebtedness outstanding that is directly attributable to an investment in the Preferred Stock. For this purpose, indebtedness of a depository institution attributable to deposits received in the ordinary course of its business is not treated as indebtedness directly attributable to an investment in the Preferred Stock.

For purposes of the corporate alternative minimum tax, alternative minimum taxable income is increased by 75 percent of the amount by which a corporation's adjusted current earnings exceeds its alternative minimum taxable income prior to the addition of the applicable tax preference item. The amount of any dividend that is included in a corporate shareholder's adjusted current earnings will not be reduced by any dividends-received deduction otherwise allowable with respect to that dividend.

Dispositions, Including Redemptions

Any sale, exchange, redemption (except as discussed below) or other disposition of the Preferred Stock generally will result in taxable gain or loss equal to the difference between the amount received and the shareholder's adjusted tax basis in the Preferred Stock. Such gain or loss generally will be capital gain or loss and will be long-term capital gain or loss if the holding period for the Preferred Stock exceeds one year.

A redemption of Preferred Stock may be treated as a dividend, rather than as payment in exchange for the Preferred Stock, unless the redemption is "not essentially equivalent to a dividend" with respect to the holder within the meaning of section 302(b)(1) of the Code. In applying this standard, the holder must take into account not only the Preferred Stock and other stock of Freddie Mac that it owns directly, but also the Preferred Stock and other stock of Freddie Mac that it constructively owns within the meaning of section 318 of the Code. A redemption payment made to a holder will be "not essentially equivalent to a dividend" if it results in a "meaningful reduction" in the holder's aggregate stock interest in Freddie Mac. Because of the ambiguities in applying this rule, each holder should consult its own tax advisor to determine whether a redemption of Preferred Stock will be treated as a dividend or as payment in exchange for the Preferred Stock. If the redemption payment is treated as a dividend, the rules discussed above under *Dividends* apply.

Information Reporting and Backup Withholding

Payments of dividends on shares of Preferred Stock held of record by U.S. persons other than corporations and other exempt holders are required to be reported to the IRS.

Backup withholding of U.S. federal income tax at a rate of 31 percent may apply to payments made with respect to shares of Preferred Stock, as well as payments of proceeds from the sale of shares of Preferred Stock, to holders that are not "exempt recipients" and that fail to provide certain identifying information (such as the taxpayer identification number of the holder) in the manner required. Individuals generally are not exempt recipients, whereas corporations and certain other entities generally are exempt recipients.

LEGAL INVESTMENT CONSIDERATIONS

You should consult your own legal advisors to determine whether the shares of Preferred Stock constitute legal investments for you and whether the shares of Preferred Stock can be used as collateral for borrowings. In addition, financial institutions should consult their legal advisors or regulators in determining the appropriate treatment of the shares of Preferred Stock under risk-based capital or similar rules.

If you are subject to legal investment laws and regulations or to review by regulatory authorities, you may be subject to restrictions on investing in the shares of Preferred Stock. Institutions regulated by the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, the Office of Thrift Supervision, the National Credit Union Administration, the Department of the Treasury or any other federal or state agency with similar authority should review any applicable regulations, policy statements and guidelines before purchasing or pledging the shares of Preferred Stock.

UNDERWRITING

Under the terms of underwriting agreements (the “**Underwriting Agreements**”), we have agreed to sell to the Underwriters named below, and the Underwriters, for whom Lehman Brothers Inc. is acting as representative, have severally agreed to purchase from us, the shares of Preferred Stock opposite their names.

<u>Underwriter</u>	<u>Number of Shares of Variable Rate Preferred Stock</u>	<u>Number of Shares of Fixed Rate Preferred Stock</u>
Lehman Brothers Inc.	1,925,000	1,650,000
First Tennessee Bank National Association	525,000	450,000
Vining-Sparks IBG, L.P.	525,000	450,000
Bear, Stearns & Co., Inc.	175,000	150,000
Goldman Sachs & Co.	175,000	150,000
The Williams Capital Group, L.P.	175,000	150,000
Total	3,500,000	3,000,000

The Underwriting Agreement pertaining to the Variable Rate Preferred Stock requires the Underwriters to take and pay for all of the shares of Variable Rate Preferred Stock, if any are taken. The Underwriting Agreement for the Fixed Rate Preferred Stock contains comparable provisions.

The Underwriters propose to offer a portion of the Variable Rate Preferred Stock and Fixed Rate Preferred Stock directly to the public at the initial offering prices shown on the cover page of this Offering Circular, plus accrued dividends, if any, from May 30, 2001, and a portion to certain dealers at those prices less a concession of not more than \$0.0875 per share in the case of the Variable Rate Preferred Stock and \$0.10 per share in the case of the Fixed Rate Preferred Stock. The Underwriters may allow, and the dealers may reallow, a concession of not more than \$0.25 per share in the case of the Variable Rate Preferred Stock and \$0.30 per share in the case of the Fixed Rate Preferred Stock on sales to certain brokers and dealers. After the shares of Preferred Stock are released for sale to the public, the Underwriters may vary the offering price and other selling terms.

The Corporation has granted the Underwriters options exercisable for seven days after the date of this Offering Circular to purchase up to an aggregate of 525,000 additional shares of Variable Rate Preferred Stock and up to an aggregate of 450,000 additional shares of Fixed Rate Preferred Stock solely to cover overallocments, if any. If the Underwriters exercise their overallocment option with respect to the Variable Rate Preferred Stock or the Fixed Rate Preferred Stock, the

Underwriters have severally agreed, subject to certain conditions, to purchase approximately the same percentage thereof that the number of shares of Variable Rate Preferred Stock or Fixed Rate Preferred Stock, as the case may be, to be purchased by each of them, as shown in the foregoing table, bears to the total number of shares offered for that Preferred Stock.

Until this offering, there has been no public market for the Preferred Stock. We have applied to list the Preferred Stock on the NYSE. Trading of the Preferred Stock on the NYSE is expected to commence within a fourteen-day period after the initial delivery of the Preferred Stock. The Underwriters have advised us that they intend to make a market in the Preferred Stock prior to the commencement of trading on the NYSE, but are not obliged to do so and may discontinue any such market making at any time without notice.

In connection with the offering, the Underwriters may purchase and sell the Preferred Stock in the open market. These transactions may include over-allotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. Stabilizing transactions consist of certain bids or purchases for the purpose of preventing or retarding a decline in the market prices of the Variable Rate Preferred Stock and Fixed Rate Preferred Stock. Syndicate short positions involve the sale by the Underwriters of a greater number of shares of Variable Rate Preferred Stock or Fixed Rate Preferred Stock than they are required to purchase from us in the offering. The Underwriters also may impose a penalty bid, whereby selling concessions allowed to syndicate members or other broker-dealers for securities sold in the offering for their account may be reclaimed by the syndicate if such shares of Preferred Stock are repurchased by the Underwriters in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market prices of the Variable Rate Preferred Stock or Fixed Rate Preferred Stock, which may be higher than the prices that might otherwise prevail in the open market; and these activities, if commenced, may be discontinued at any time. These transactions may be effected in the over-the-counter market or otherwise.

We and the Underwriters have agreed to indemnify each other against certain liabilities in connection with the offering and sale of the Preferred Stock.

Some of the Underwriters, dealers or agents may engage in transactions with us and perform services for us in the ordinary course of business.

RATINGS

Moody's will assign the Variable Rate Preferred Stock and the Fixed Rate Preferred Stock a rating of "aa3." A rating of "aa" is the second highest rating that Moody's assigns to preferred stock. An issue which is rated "aa" is considered by Moody's to be a "high-grade preferred stock." According to Moody's, this rating indicates that "there is a reasonable assurance the earnings and asset protection will remain relatively well maintained in the foreseeable future." The numerical modifier "3" indicates that the issue ranks in the lower end of the generic rating category of "aa."

S&P will assign the Variable Rate Preferred Stock and the Fixed Rate Preferred Stock a rating of "AA-." A rating of "AA" is the second highest rating that S&P assigns to preferred stock. An issue which is rated "AA" is considered by S&P to be a "high-quality, fixed-income security." According to S&P, this rating indicates that "the capacity to pay preferred stock dividends is very strong, although not as overwhelming as for issues rated AAA." The addition of the minus (-) sign indicates that the issue ranks in the lower end of the generic rating category "AA."

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the assigning rating organization.

of
VARIABLE RATE, NON-CUMULATIVE PREFERRED STOCK
(Par Value \$1.00 Per Share)**

I, MAUD MATER, Secretary of the Federal Home Loan Mortgage Corporation, a government-sponsored enterprise of the United States of America (“Freddie Mac” or the “Corporation”), do hereby certify that, pursuant to authority vested in the Board of Directors of Freddie Mac by Section 306(f) of the Federal Home Loan Mortgage Corporation Act, as amended (12 U.S.C. §1455(f)), the Board of Directors adopted FHLMC Resolution 2001-03 on March 2, 2001, which resolution is now, and at all times since such date has been, in full force and effect, and that the Chairman and Chief Executive Officer, pursuant to the authority delegated to him by such resolution, approved the final terms of the public issuance and sale of the preferred stock of Freddie Mac designated above.

The Variable Rate, Non-Cumulative Preferred Stock shall have the following designation, powers, preferences, rights, privileges, qualifications, limitations, restrictions, terms and conditions:

1. Designation, Par Value, Number of Shares and Seniority

The class of preferred stock of Freddie Mac created hereby (the “Non-Cumulative Preferred Stock”) shall be designated “Variable Rate, Non-Cumulative Preferred Stock,” shall have a par value of \$1.00 per share and shall consist of 3,500,000 shares.* The Board of Directors shall be permitted to increase the authorized number of such shares at any time. The Non-Cumulative Preferred Stock shall rank prior to the Voting Common Stock of Freddie Mac (the “Common Stock”) to the extent provided in this Certificate and shall rank, both as to dividends and upon liquidation, on a parity with the 6% Non-Cumulative Preferred Stock issued on May 30, 2001, the 5.81% Non-Cumulative Preferred Stock issued on March 23, 2001, the Variable Rate, Non-Cumulative Preferred Stock issued on March 23, 2001, the Variable Rate, Non-Cumulative Preferred Stock issued on January 26, 2001, the Variable Rate, Non-Cumulative Preferred Stock issued on November 5, 1999, the 5.79% Non-Cumulative Preferred Stock issued on July 21, 1999, the 5.1% Non-Cumulative Preferred Stock issued on March 19, 1999, the 5.3% Non-Cumulative Preferred Stock issued on October 28, 1998, the 5.1% Non-Cumulative Preferred Stock issued on September 23, 1998, the Variable Rate, Non-Cumulative Preferred Stock issued on September 23, 1998 and September 29, 1998, the 5% Non-Cumulative Preferred Stock issued on March 23, 1998, the 5.81% Non-Cumulative Preferred Stock issued on October 27, 1997, the 6.14% Non-Cumulative Preferred Stock issued on June 3, 1997, the 6.125% Non-Cumulative Preferred Stock issued on November 1, 1996 and the Variable Rate, Non-Cumulative Preferred Stock issued on April 26, 1996 (collectively, the “Existing Preferred Stock”).

* Plus up to 525,000 additional shares pursuant to Underwriters’ overallotment option.

2. Dividends

(a) Holders of outstanding shares of Non-Cumulative Preferred Stock will be entitled to receive, ratably, non-cumulative quarterly cash dividends which will accrue from but not including May 30, 2001 and will be payable on March 31, June 30, September 30 and December 31 of each year (each, a “Dividend Payment Date”), beginning on September 30, 2001, when as and if declared by the Board of Directors in its sole discretion, out of funds legally available for dividend payments. If a Dividend Payment Date is not a “Business Day,” the related dividend will be paid on the next Business Day with the same force and effect as though paid on the Dividend Payment Date, without any increase to account for the period from such Dividend Payment Date through the date of actual payment. “Business Day” means a day other than (i) a Saturday or Sunday, (ii) a day on which New York City banks are closed or (iii) a day on which the offices of Freddie Mac are closed. Dividends will be paid to holders of record on the record date fixed by the Board of Directors, not to be earlier than 45 days or later than 10 days preceding the applicable Dividend Payment Date.

The dividend rate for the period from May 30, 2001 through and including June 30, 2003 will be 4.48%. Thereafter, dividends will accrue at a variable per annum rate (not greater than 11%) equal to the “CMT Rate” (as defined below) plus 0.20%. On July 1, 2003, and on July 1 every two years thereafter, the previous dividend rate will be replaced by a new dividend rate equal to the then-current CMT Rate plus 0.20%. The CMT Rate for each two-year period will be determined by Freddie Mac on the second Business Day immediately preceding the first day of such period (each, a “CMT Determination Date”). If declared, the initial dividend, which will be for the “Dividend Period” from but not including May 30, 2001 through and including September 30, 2001, will be \$0.74667 per share and will be payable on September 30, 2001. Thereafter, the “Dividend Period” relating to a Dividend Payment Date will be the period from but not including the preceding Dividend Payment Date through and including the related Dividend Payment Date. The amount of each dividend payable for any period shorter than a full Dividend Period shall be computed on the basis of twelve 30-day months and a 360-day year. The amount of dividends payable for each full Dividend Period will be determined by dividing the annual dividend by four. If Freddie Mac redeems the Non-Cumulative Preferred Stock, the dividend that would otherwise be payable for the Dividend Period ending on the date of redemption will be included in the redemption price of the shares redeemed and will not be separately payable.

(b) The “CMT Rate” for any CMT Determination Date will be the rate (not greater than 10.80%) equal to:

(1) the weekly average interest rate of U.S. Treasury securities having an index maturity of two years for the week that ends immediately before the week in which the relevant CMT Determination Date falls, as that rate appears on page “7052” on Telerate (or such other page as may replace the 7052 page on that service or any successor service) under the heading “. . . Treasury Constant Maturities . . . Federal Reserve Board Release H.15 . . . Mondays Approximately 3:45 p.m.”

(2) If the applicable rate described in clause (1) above is not displayed on Telerate page 7052 at 3:00 p.m., New York City time, on the relevant CMT Determination Date, then the CMT Rate will be the Treasury constant maturity rate applicable to a two-year index maturity for the weekly average as published in H.15(519) (as defined below).

(3) If the applicable rate described in clause (2) above does not appear in H.15(519) at 3:00 p.m., New York City time, on the relevant CMT Determination Date, then the CMT Rate will be the Treasury constant maturity rate, or other U.S. Treasury rate, applicable to a two-year index maturity with reference to the relevant CMT Determination Date, that:

(A) is published by the Board of Governors of the Federal Reserve System or the U.S. Department of the Treasury; and

(B) is determined by Freddie Mac to be comparable to the applicable rate formerly displayed on Telerate page 7052 and published in H.15(519).

(4) If the rate described in clause (3) above does not appear at 3:00 p.m., New York City time, on the relevant CMT Determination Date, then the CMT Rate will be the yield to maturity of the arithmetic mean of the secondary market offered rates for Treasury notes having an original maturity of approximately two years and a remaining term to maturity of not less than one year, and in a representative amount, as of approximately 3:30 p.m., New York City time, on the relevant CMT Determination Date, as quoted by three primary U.S. government securities dealers in New York City selected by Freddie Mac. In selecting these offered rates, Freddie Mac will request quotations from five primary dealers and will disregard the highest quotation — or, if there is equality, one of the highest — and the lowest quotation — or, if there is equality, one of the lowest. Treasury notes are direct, non-callable, fixed rate obligations of the U.S. government.

(5) If Freddie Mac is unable to obtain three quotations of the kind described in clause (4) above, the CMT Rate will be the yield to maturity of the arithmetic mean of the secondary market offered rates for Treasury notes with an original maturity longer than two years and a remaining term to maturity closest to two years, and in a representative amount, as of approximately 3:30 p.m., New York City time, on the relevant CMT Determination Date, as quoted by three primary U.S. government securities dealers in New York City selected by Freddie Mac. In selecting these offered rates, Freddie Mac will request quotations from five primary dealers and will disregard the highest quotation — or, if there is equality, one of the highest — and the lowest quotation — or, if there is equality, one of the lowest. If two Treasury notes with an original maturity longer than two years have remaining terms to maturity that are equally close to two years, Freddie Mac will obtain quotations for the Treasury note with the shorter remaining term to maturity.

(6) If fewer than five but more than two primary dealers are quoting offered rates as described in clause (5) above, then the CMT Rate for the relevant CMT Determination Date will be based on the arithmetic mean of the offered rates so obtained, and neither the highest nor the lowest of those quotations will be disregarded.

(7) If two or fewer primary dealers are quoting offered rates as described in clause (5) above, the CMT Rate in effect for the new Dividend Period will be the CMT Rate in effect for the prior Dividend Period.

“H.15(519)” means the weekly statistical release entitled “Statistical Release H.15(519),” or any successor publication, published by the Board of Governors of the Federal Reserve System.

Absent manifest error, Freddie Mac’s determination of the CMT Rate and the dividend rate will be final and binding.

No dividends shall be declared or paid or set apart for payment on the Common Stock or any other class or series of stock ranking junior to or (except as hereinafter provided) on a parity with the Non-Cumulative Preferred Stock with respect to the payment of dividends unless dividends have been declared and paid or set apart (or ordered by the Board of Directors to be set apart) for payment on the outstanding Non-Cumulative Preferred Stock in respect of the then-current Dividend Period; provided, however, that the foregoing dividend preference shall not be cumulative and shall not in any way create any claim or right in favor of the holders of Non-Cumulative Preferred Stock in the event that Freddie Mac shall not have declared or paid or set apart (or the Board of Directors shall not have ordered to be set apart) dividends on the Non-Cumulative Preferred Stock in respect of any prior Dividend Period. In the event that Freddie Mac shall not pay any one or more dividends or any part thereof on the Non-Cumulative Preferred Stock, the holders of the Non-Cumulative Preferred Stock shall not have any claim in respect of such non-payment so long as no dividend is paid on any junior or parity stock in violation of the next preceding sentence.

(c) If, prior to November 30, 2002, one or more amendments to the Internal Revenue Code of 1986, as amended (the “Code”), are enacted that reduce or eliminate the percentage of the dividends-received deduction as specified in section 243(a)(1) of the Code or any successor provision (the “Dividends-Received Percentage”), including any change applicable only to certain categories of stock, which change is applicable to the Non-Cumulative Preferred Stock, certain adjustments may be made in respect of the dividends payable by the Corporation, and Post Declaration Date Dividends and Retroactive Dividends (as such terms are defined below) may become payable, as described below.

The amount of each dividend payable (if declared) per share of Non-Cumulative Preferred Stock for dividend payments made on or after the effective date of such change in the Code will be adjusted by multiplying the amount of the dividend payable pursuant to Section 2(a) (before adjustment) by a factor, which shall be the number determined in accordance with the following formula (the “DRD Formula”), and rounding the result to the nearest cent (with one-half cent rounded up):

$$\frac{1-.35(1-.70)}{1-.35(1-DRP)}$$

For the purposes of the DRD Formula, “DRP” means the Dividends-Received Percentage (expressed as a decimal) applicable to the dividend in question; *provided, however*, that if the Dividends-Received Percentage applicable to the dividend in question is less than 50%, then the DRP will equal .50. In the event an adjustment to any dividend payable on the Non-Cumulative Preferred Stock is made pursuant to this Section 2(c), the resulting dividend rate may exceed 11% per annum. No amendment to the Code, other than a change in the percentage of the dividends-received deduction set forth in section 243(a)(1) of the Code or any successor provision, or a change in the percentage of the dividends-received deduction for certain categories of stock, which change is applicable to the Non-Cumulative Preferred Stock, will give rise to an adjustment.

Notwithstanding the foregoing provisions, if, with respect to any such amendment, the Corporation receives either an unqualified opinion of nationally recognized independent tax counsel selected by the Corporation or a private letter ruling or similar form of assurance from the Internal Revenue Service (the “IRS”) to the effect that such an amendment does not apply to a dividend payable on the Non-Cumulative Preferred Stock, then such amendment shall not result in the adjustment provided for pursuant to the DRD Formula with respect to such dividend. The opinion

referenced in the previous sentence shall be based upon the legislation amending or establishing the DRP or upon a published pronouncement of the IRS addressing such legislation. Unless the context otherwise requires, references to dividends herein shall mean dividends as adjusted by the DRD Formula. The Corporation's calculation of the dividends payable as so adjusted shall be final and not subject to review, absent manifest error.

Notwithstanding the foregoing, if any such amendment to the Code is enacted after the dividend payable on a Dividend Payment Date has been declared but before such dividend is paid, the amount of the dividend payable on such Dividend Payment Date shall not be increased. Instead, additional dividends (the "Post Declaration Date Dividends"), equal to the excess, if any, of (x) the product of the dividend paid by the Corporation on such Dividend Payment Date and the DRD Formula (where the DRP used in the DRD Formula would be equal to the greater of the Dividends-Received Percentage applicable to the dividend in question and .50) over (y) the dividend paid by the Corporation on such Dividend Payment Date, shall be payable (if declared) to holders of Non-Cumulative Preferred Stock on the record date applicable to the next succeeding Dividend Payment Date, in addition to any other amounts payable on such date.

If any such amendment to the Code is enacted and the reduction in the Dividends-Received Percentage retroactively applies to a Dividend Payment Date as to which the Corporation previously paid dividends on the Non-Cumulative Preferred Stock (each, an "Affected Dividend Payment Date"), the Corporation shall pay (if declared) additional dividends (the "Retroactive Dividends") to holders on the record date applicable to the next succeeding Dividend Payment Date (or, if such amendment is enacted after the dividend payable on such Dividend Payment Date has been declared, to holders on the record date applicable to the second succeeding Dividend Payment Date following the date of enactment) in an amount equal to the excess of (x) the product of the dividend paid by the Corporation on each Affected Dividend Payment Date and the DRD Formula (where the DRP used in the DRD Formula would be equal to the greater of the Dividends-Received Percentage and .50 applied to each Affected Dividend Payment Date) over (y) the sum of the dividend paid by the Corporation on each Affected Dividend Payment Date. The Corporation will make only one payment of Retroactive Dividends for any such amendment. Notwithstanding the foregoing provisions, if, with respect to any such amendment, the Corporation receives either an unqualified opinion of nationally recognized independent tax counsel selected by the Corporation or a private letter ruling or similar form of assurance from the IRS to the effect that such amendment does not apply to a dividend payable on an Affected Dividend Payment Date for the Non-Cumulative Preferred Stock, then such amendment will not result in the payment of Retroactive Dividends with respect to such Affected Dividend Payment Date. The opinion referenced in the previous sentence must be based upon the legislation amending or establishing the DRP or upon a published pronouncement of the IRS addressing such legislation.

In the event that the amount of dividends payable per share of the Non-Cumulative Preferred Stock is adjusted pursuant to the DRD Formula and/or Post Declaration Date Dividends or Retroactive Dividends are to be paid, the Corporation will give notice of each such adjustment and, if applicable, any Post Declaration Date Dividends and Retroactive Dividends to be given as soon as practicable to the holders of Non-Cumulative Preferred Stock.

(d) Notwithstanding any other provision of this Certificate, the Board of Directors, in its discretion, may choose to pay dividends on the Non-Cumulative Preferred Stock without the payment of any dividends on the Common Stock or any other class or series of stock from time to

time outstanding ranking junior to the Non-Cumulative Preferred Stock with respect to the payment of dividends.

(e) No dividend shall be declared or paid or set apart for payment on any shares of the Non-Cumulative Preferred Stock if at the same time any arrears or default exists in the payment of dividends on any outstanding class or series of stock of Freddie Mac ranking prior to or (except as provided herein) on a parity with the Non-Cumulative Preferred Stock with respect to the payment of dividends. If and whenever dividends, having been declared, shall not have been paid in full, as aforesaid, on shares of the Non-Cumulative Preferred Stock and on the shares of any other class or series of stock of Freddie Mac ranking on a parity with the Non-Cumulative Preferred Stock with respect to the payment of dividends, all such dividends that have been declared on shares of the Non-Cumulative Preferred Stock and on the shares of any such other class or series shall be paid pro rata, so that the respective amounts of dividends paid per share on the Non-Cumulative Preferred Stock and on such other class or series shall in all cases bear to each other the same ratio that the respective amounts of dividends declared but unpaid per share on the shares of the Non-Cumulative Preferred Stock (including any adjustments due to changes in the Dividends-Received Percentage) and on the shares of such other class or series bear to each other.

(f) Holders of shares of the Non-Cumulative Preferred Stock shall not be entitled to any dividends, in cash or in property, other than as herein provided and shall not be entitled to interest, or any sum in lieu of interest, on or in respect of any dividend payment.

3. Optional Redemption

(a) The Non-Cumulative Preferred Stock shall not be redeemable prior to June 30, 2003. On that date and on June 30 every two years thereafter, subject to the notice provisions set forth in Section 3(b) below and to any further limitations which may be imposed by law, Freddie Mac may redeem the Non-Cumulative Preferred Stock, in whole or in part, out of funds legally available therefor, at the redemption price of \$50.00 per share plus an amount, determined in accordance with Section 2 above, equal to the amount of the dividend that would otherwise be payable for the Dividend Period ending on the date of such redemption. If less than all of the outstanding shares of the Non-Cumulative Preferred Stock are to be redeemed, Freddie Mac shall select shares to be redeemed from the outstanding shares not previously called for redemption by lot or pro rata (as nearly as possible) or by any other method which Freddie Mac in its sole discretion deems equitable.

(b) In the event Freddie Mac shall redeem any or all of the Non-Cumulative Preferred Stock as aforesaid, notice of such redemption shall be given by Freddie Mac by first class mail, postage prepaid, mailed neither less than 30 nor more than 60 days prior to the redemption date, to each holder of record of the shares of the Non-Cumulative Preferred Stock being redeemed, at such holder's address as the same appears in the books and records of Freddie Mac. Each such notice shall state the number of shares being redeemed, the redemption price, the redemption date and the place at which such holder's certificate(s) representing shares of the Non-Cumulative Preferred Stock must be presented for cancellation or exchanges, as the case may be, upon such redemption. Failure to give notice, or any defect in the notice, to any holder of the Non-Cumulative Preferred Stock shall not affect the validity of the proceedings for the redemption of shares of any other holder of the Non-Cumulative Preferred Stock being redeemed.

(c) Notice having been mailed as aforesaid, from and after the redemption date specified therein and upon payment of the consideration set forth in Section 3(a) above, said shares of the

Non-Cumulative Preferred Stock shall no longer be deemed to be outstanding, and all rights of the holders thereof as holders of the Non-Cumulative Preferred Stock shall cease, with respect to shares so redeemed.

(d) Any shares of the Non-Cumulative Preferred Stock which shall have been redeemed shall, after such redemption, no longer have the status of authorized, issued or outstanding shares.

4. No Voting Rights

Except as set forth in Section 9(h) below, the shares of the Non-Cumulative Preferred Stock shall not have any voting powers, either general or special.

5. No Conversion or Exchange Rights

The holders of shares of the Non-Cumulative Preferred Stock shall not have any right to convert such shares into or exchange such shares for any other class or series of stock or obligations of Freddie Mac.

6. No Preemptive Rights

No holder of the Non-Cumulative Preferred Stock shall as such holder have any preemptive right to purchase or subscribe for any other shares, rights, options or other securities of any class of Freddie Mac which at any time may be sold or offered for sale by Freddie Mac.

7. Liquidation Rights and Preference

(a) Except as otherwise set forth herein, upon the voluntary or involuntary dissolution, liquidation or winding up of Freddie Mac, after payment of or provision for the liabilities of Freddie Mac and the expenses of such dissolution, liquidation or winding up, the holders of the outstanding shares of the Non-Cumulative Preferred Stock shall be entitled to receive out of the assets of Freddie Mac available for distribution to stockholders, before any payment or distribution shall be made on the Common Stock or any other class or series of stock of Freddie Mac ranking junior to the Non-Cumulative Preferred Stock upon liquidation, the amount of \$50.00 per share plus an amount, determined in accordance with Section 2 above, equal to the dividend, if any, otherwise payable for the then-current Dividend Period accrued through and including the date of payment in respect of such dissolution, liquidation or winding up, and the holders of the outstanding shares of any class or series of stock of Freddie Mac ranking on a parity with the Non-Cumulative Preferred Stock upon liquidation shall be entitled to receive out of the assets of Freddie Mac available for distribution to stockholders, before any such payment or distribution shall be made on the Common Stock or any other class or series of stock of Freddie Mac ranking junior to the Non-Cumulative Preferred Stock and to such parity stock upon liquidation, any corresponding preferential amount to which the holders of such parity stock may, by the terms thereof, be entitled; provided, however, that if the assets of Freddie Mac available for distribution to stockholders shall be insufficient for the payment of the full amounts to which the holders of the outstanding shares of the Non-Cumulative Preferred Stock and the holders of the outstanding shares of such parity stock shall be entitled to receive upon such dissolution, liquidation or winding up of Freddie Mac as aforesaid, then, subject to paragraph (b) of this Section 7, all of the assets of Freddie Mac available for distribution to stockholders shall be distributed to the holders of outstanding shares of the Non-Cumulative Preferred Stock and to the holders of outstanding shares of such parity stock pro rata, so that the amounts so distributed to holders of the Non-Cumulative Preferred Stock and to holders of such classes or series of such parity stock, respectively, shall bear to each other the same ratio that the

respective distributive amounts to which they are so entitled (including any adjustment due to changes in the Dividends-Received Percentage) bear to each other. After the payment of the aforesaid amounts to which they are entitled, the holders of outstanding shares of the Non-Cumulative Preferred Stock and the holders of outstanding shares of any such parity stock shall not be entitled to any further participation in any distribution of assets of Freddie Mac.

(b) Notwithstanding the foregoing, upon the dissolution, liquidation or winding up of Freddie Mac, the holders of shares of the Non-Cumulative Preferred Stock then outstanding shall not be entitled to be paid any amounts to which such holders are entitled pursuant to paragraph (a) of this Section 7 unless and until the holders of any classes or series of stock of Freddie Mac ranking prior upon liquidation to the Non-Cumulative Preferred Stock shall have been paid all amounts to which such classes or series are entitled pursuant to their respective terms.

(c) Neither the sale of all or substantially all of the property or business of Freddie Mac, nor the merger, consolidation or combination of Freddie Mac into or with any other corporation or entity, shall be deemed to be a dissolution, liquidation or winding up for the purpose of this Section 7.

8. Additional Classes or Series of Stock

The Board of Directors shall have the right at any time in the future to authorize, create and issue, by resolution or resolutions, one or more additional classes or series of stock of Freddie Mac, and to determine and fix the distinguishing characteristics and the relative rights, preferences, privileges and other terms of the shares thereof. Any such class or series of stock may rank prior to or on a parity with or junior to the Non-Cumulative Preferred Stock as to dividends or upon liquidation or otherwise.

9. Miscellaneous

(a) Any stock of any class or series of Freddie Mac shall be deemed to rank:

(i) prior to the shares of the Non-Cumulative Preferred Stock, either as to dividends or upon liquidation, if the holders of such class or series shall be entitled to the receipt of dividends or of amounts distributable upon dissolution, liquidation or winding up of Freddie Mac, as the case may be, in preference or priority to the holders of shares of the Non-Cumulative Preferred Stock;

(ii) on a parity with shares of the Non-Cumulative Preferred Stock, either as to dividends or upon liquidation, whether or not the dividend rates or amounts, dividend payment dates or redemption of liquidation prices per share, if any, be different from those of the Non-Cumulative Preferred Stock, if the holders of such class or series shall be entitled to the receipt of dividends or of amounts distributable upon dissolution, liquidation or winding up of Freddie Mac, as the case may be, in proportion to their respective dividend rates or amounts or liquidation prices, without preference or priority, one over the other, as between the holders of such class or series and the holders of shares of the Non-Cumulative Preferred Stock; and

(iii) junior to shares of the Non-Cumulative Preferred Stock, either as to dividends or upon liquidation, if such class or series shall be Common Stock, or if the holders of shares of the Non-Cumulative Preferred Stock shall be entitled to receipt of dividends or of amounts distributable upon dissolution, liquidation or winding up of Freddie Mac, as the case may be, in preference or priority to the holders of shares of such class or series.

(b) Freddie Mac and any agent of Freddie Mac may deem and treat the holder of a share or shares of Non-Cumulative Preferred Stock, as shown in Freddie Mac's books and records, as the absolute owner of such share or shares of Non-Cumulative Preferred Stock for the purpose of receiving payment of dividends in respect of such share or shares of Non-Cumulative Preferred Stock and for all other purposes whatsoever, and neither Freddie Mac nor any agent of Freddie Mac shall be affected by any notice to the contrary. All payments made to or upon the order of any such person shall be valid and, to the extent of the sum or sums so paid, effectual to satisfy and discharge liabilities for moneys payable by Freddie Mac on or with respect to any such share or shares of Non-Cumulative Preferred Stock.

(c) The shares of the Non-Cumulative Preferred Stock, when duly issued, shall be fully paid and non-assessable.

(d) The Non-Cumulative Preferred Stock shall be issued, and shall be transferable on the books of Freddie Mac, only in whole shares, it being intended that no fractional interests in shares of Non-Cumulative Preferred Stock shall be created or recognized by Freddie Mac.

(e) For purposes of this Certificate, the term "Freddie Mac" means the Federal Home Loan Mortgage Corporation and any successor thereto by operation of law or by reason of a merger, consolidation or combination.

(f) This Certificate and the respective rights and obligations of Freddie Mac and the holders of the Non-Cumulative Preferred Stock with respect to such Non-Cumulative Preferred Stock shall be construed in accordance with and governed by the laws of the United States, provided that the law of the Commonwealth of Virginia shall serve as the federal rule of decision in all instances except where such law is inconsistent with Freddie Mac's enabling legislation, its public purposes or any provision of this Certificate.

(g) Any notice, demand or other communication which by any provision of this Certificate is required or permitted to be given or served to or upon Freddie Mac shall be given or served in writing addressed (unless and until another address shall be published by Freddie Mac) to Freddie Mac, 8200 Jones Branch Drive, McLean, Virginia 22102, Attn: Executive Vice President-General Counsel and Secretary. Such notice, demand or other communication to or upon Freddie Mac shall be deemed to have been sufficiently given or made only upon actual receipt of a writing by Freddie Mac. Any notice, demand or other communication which by any provision of this Certificate is required or permitted to be given or served by Freddie Mac hereunder may be given or served by being deposited first class, postage prepaid, in the United States mail addressed (i) to the holder as such holder's name and address may appear at such time in the books and records of Freddie Mac or (ii) if to a person or entity other than a holder of record of the Non-Cumulative Preferred Stock, to such person or entity at such address as appears to Freddie Mac to be appropriate at such time. Such notice, demand or other communication shall be deemed to have been sufficiently given or made, for all purposes, upon mailing.

(h) Freddie Mac, by or under the authority of the Board of Directors, may amend, alter, supplement or repeal any provision of this Certificate pursuant to the following terms and conditions:

(i) Without the consent of the holders of the Non-Cumulative Preferred Stock, Freddie Mac may amend, alter, supplement or repeal any provision of this Certificate to cure any ambiguity, to correct or supplement any provision herein which may be defective or inconsistent with any other provision herein, or to make any other provisions with respect to matters or

questions arising under this Certificate, provided that such action shall not materially and adversely affect the interests of the holders of the Non-Cumulative Preferred Stock.

(ii) The consent of the holders of at least 66 2/3% of all of the shares of the Non-Cumulative Preferred Stock at the time outstanding, given in person or by proxy, either in writing or by a vote at a meeting called for the purpose at which the holders of shares of the Non-Cumulative Preferred Stock shall vote together as a class, shall be necessary for authorizing, effecting or validating the amendment, alteration, supplementation or repeal of the provisions of this Certificate if such amendment, alteration, supplementation or repeal would materially and adversely affect the powers, preferences, rights, privileges, qualifications, limitations, restrictions, terms or conditions of the Non-Cumulative Preferred Stock. The creation and issuance of any other class or series of stock, or the issuance of additional shares of any existing class or series of stock of Freddie Mac (including the Non-Cumulative Preferred Stock), whether ranking prior to, on a parity with or junior to the Non-Cumulative Preferred Stock, shall not be deemed to constitute such an amendment, alteration, supplementation or repeal.

(iii) Holders of the Non-Cumulative Preferred Stock shall be entitled to one vote per share on matters on which their consent is required pursuant to subparagraph (ii) of this paragraph (h). In connection with any meeting of such holders, the Board of Directors shall fix a record date, neither earlier than 60 days nor later than 10 days prior to the date of such meeting, and holders of record of shares of the Non-Cumulative Preferred Stock on such record date shall be entitled to notice of and to vote at any such meeting and any adjournment. The Board of Directors, or such person or persons as it may designate, may establish reasonable rules and procedures as to the solicitation of the consent of holders of the Non-Cumulative Preferred Stock at any such meeting or otherwise, which rules and procedures shall conform to the requirements of any national securities exchange on which the Non-Cumulative Preferred Stock may be listed at such time.

(i) RECEIPT AND ACCEPTANCE OF A SHARE OR SHARES OF THE NON-CUMULATIVE PREFERRED STOCK BY OR ON BEHALF OF A HOLDER SHALL CONSTITUTE THE UNCONDITIONAL ACCEPTANCE BY THE HOLDER (AND ALL OTHERS HAVING BENEFICIAL OWNERSHIP OF SUCH SHARE OR SHARES) OF ALL OF THE TERMS AND PROVISIONS OF THIS CERTIFICATE. NO SIGNATURE OR OTHER FURTHER MANIFESTATION OF ASSENT TO THE TERMS AND PROVISIONS OF THIS CERTIFICATE SHALL BE NECESSARY FOR ITS OPERATION OR EFFECT AS BETWEEN FREDDIE MAC AND THE HOLDER (AND ALL SUCH OTHERS).

IN WITNESS WHEREOF, I have hereunto set my hand and the seal of Freddie Mac this 30th day of May, 2001.

of
6% NON-CUMULATIVE PREFERRED STOCK
(Par Value \$1.00 Per Share)

I, MAUD MATER, Secretary of the Federal Home Loan Mortgage Corporation, a government-sponsored enterprise of the United States of America (“Freddie Mac” or the “Corporation”), do hereby certify that, pursuant to authority vested in the Board of Directors of Freddie Mac by Section 306(f) of the Federal Home Loan Mortgage Corporation Act, as amended (12 U.S.C. §1455(f)), the Board of Directors adopted FHLMC Resolution 2001-03 on March 2, 2001, which resolution is now, and at all times since such date has been, in full force and effect, and that the Chairman and Chief Executive Officer, pursuant to the authority delegated to him by such resolution, approved the final terms of the public issuance and sale of the preferred stock of Freddie Mac designated above.

The 6% Non-Cumulative Preferred Stock shall have the following designation, powers, preferences, rights, privileges, qualifications, limitations, restrictions, terms and conditions:

1. Designation, Par Value, Number of Shares and Seniority

The class of preferred stock of Freddie Mac created hereby (the “Non-Cumulative Preferred Stock”) shall be designated “6% Non-Cumulative Preferred Stock,” shall have a par value of \$1.00 per share and shall consist of 3,000,000 shares.* The Board of Directors shall be permitted to increase the authorized number of such shares at any time. The Non-Cumulative Preferred Stock shall rank prior to the Voting Common Stock of Freddie Mac (the “Common Stock”) to the extent provided in this Certificate and shall rank, both as to dividends and upon liquidation, on a parity with the Variable Rate, Non-Cumulative Preferred Stock issued on May 30, 2001, the 5.81% Non-Cumulative Preferred Stock issued on March 23, 2001, the Variable Rate, Non-Cumulative Preferred Stock issued on March 23, 2001, the Variable Rate, Non-Cumulative Preferred Stock issued on January 26, 2001, the Variable Rate, Non-Cumulative Preferred Stock issued on November 5, 1999, the 5.79% Non-Cumulative Preferred Stock issued on July 21, 1999, the 5.1% Non-Cumulative Preferred Stock issued on March 19, 1999, the 5.3% Non-Cumulative Preferred Stock issued on October 28, 1998, the 5.1% Non-Cumulative Preferred Stock issued on September 23, 1998, the Variable Rate, Non-Cumulative Preferred Stock issued on September 23, 1998 and September 29, 1998, the 5% Non-Cumulative Preferred Stock issued on March 23, 1998, the 5.81% Non-Cumulative Preferred Stock issued on October 27, 1997, the 6.14% Non-Cumulative Preferred Stock issued on June 3, 1997, the 6.125% Non-Cumulative Preferred Stock issued on November 1, 1996 and the Variable Rate, Non-Cumulative Preferred Stock issued on April 26, 1996 (collectively, the “Existing Preferred Stock”).

* Plus up to 450,000 additional shares pursuant to Underwriters’ overallotment option.

2. Dividends

(a) The holders of outstanding shares of Non-Cumulative Preferred Stock shall be entitled to receive, ratably, when, as and if declared by the Board of Directors, in its sole discretion, out of funds legally available therefor, non-cumulative, cash dividends at the annual rate of 6%, or \$3.00, per share of Non-Cumulative Preferred Stock. Dividends on the Non-Cumulative Preferred Stock shall accrue from but not including May 30, 2001 and are payable when, as and if declared by the Board of Directors quarterly on March 31, June 30, September 30 and December 31 of each year (each, a “Dividend Payment Date”) commencing on September 30, 2001. If a Dividend Payment Date is not a “Business Day,” the related dividend shall be paid on the next Business Day with the same force and effect as though paid on the Dividend Payment Date, without any increase to account for the period from such Dividend Payment Date through the date of actual payment. “Business Day” means a day other than (i) a Saturday or Sunday, (ii) a day on which New York City banks are closed or (iii) a day on which the offices of Freddie Mac are closed. The “Dividend Period” relating to a Dividend Payment Date shall be the period from but not including the preceding Dividend Payment Date (or from but not including May 30, 2001 in the case of the first Dividend Payment Date) through and including the related Dividend Payment Date. The dividend payable in respect of the first Dividend Period will be \$1.00 per share. The amount of dividends payable in respect of any quarterly Dividend Period other than the first Dividend Period shall be computed at a rate equal to 6% divided by 4; the amount of dividends payable in respect of any shorter period shall be computed on the basis of twelve 30-day months and a 360-day year. Each such dividend shall be paid to the holders of record of outstanding shares of the Non-Cumulative Preferred Stock as they appear in the books and records of Freddie Mac on such record date as shall be fixed in advance by the Board of Directors, not to be earlier than 45 days nor later than 10 days preceding the applicable Dividend Payment Date. No dividends shall be declared or paid or set apart for payment on the Common Stock or any other class or series of stock ranking junior to or (except as hereinafter provided) on a parity with the Non-Cumulative Preferred Stock with respect to the payment of dividends unless dividends have been declared and paid or set apart (or ordered by the Board of Directors to be set apart) for payment on the outstanding Non-Cumulative Preferred Stock in respect of the then-current Dividend Period; provided, however, that the foregoing dividend preference shall not be cumulative and shall not in any way create any claim or right in favor of the holders of Non-Cumulative Preferred Stock in the event that Freddie Mac shall not have declared or paid or set apart (or the Board of Directors shall not have ordered to be set apart) dividends on the Non-Cumulative Preferred Stock in respect of any prior Dividend Period. In the event that Freddie Mac shall not pay any one or more dividends or any part thereof on the Non-Cumulative Preferred Stock, the holders of the Non-Cumulative Preferred Stock shall not have any claim in respect of such non-payment so long as no dividend is paid on any junior or parity stock in violation of the next preceding sentence.

(b) If, prior to November 30, 2002, one or more amendments to the Internal Revenue Code of 1986, as amended (the “Code”), are enacted that reduce or eliminate the percentage of the dividends-received deduction as specified in section 243(a)(1) of the Code or any successor provision (the “Dividends-Received Percentage”), including any change applicable only to certain categories of stock, which change is applicable to the Non-Cumulative Preferred Stock, certain adjustments may be made in respect of the dividends payable by the Corporation, and Post Declaration Date Dividends and Retroactive Dividends (as such terms are defined below) may become payable, as described below.

The amount of each dividend payable (if declared) per share of Non-Cumulative Preferred Stock for dividend payments made on or after the effective date of such change in the Code will be adjusted by multiplying the amount of the dividend payable pursuant to Section 2(a) (before adjustment) by a factor, which shall be the number determined in accordance with the following formula (the “DRD Formula”), and rounding the result to the nearest cent (with one-half cent rounded up):

$$\frac{1-.35(1-.70)}{1-.35(1-DRP)}$$

For the purposes of the DRD Formula, “DRP” means the Dividends-Received Percentage (expressed as a decimal) applicable to the dividend in question; *provided, however*, that if the Dividends-Received Percentage applicable to the dividend in question is less than 50%, then the DRP will equal .50. No amendment to the Code, other than a change in the percentage of the dividends-received deduction set forth in section 243(a)(1) of the Code or any successor provision, or a change in the percentage of the dividends-received deduction for certain categories of stock, which change is applicable to the Non-Cumulative Preferred Stock, will give rise to an adjustment.

Notwithstanding the foregoing provisions, if, with respect to any such amendment, the Corporation receives either an unqualified opinion of nationally recognized independent tax counsel selected by the Corporation or a private letter ruling or similar form of assurance from the Internal Revenue Service (the “IRS”) to the effect that such an amendment does not apply to a dividend payable on the Non-Cumulative Preferred Stock, then such amendment shall not result in the adjustment provided for pursuant to the DRD Formula with respect to such dividend. The opinion referenced in the previous sentence shall be based upon the legislation amending or establishing the DRP or upon a published pronouncement of the IRS addressing such legislation. Unless the context otherwise requires, references to dividends herein shall mean dividends as adjusted by the DRD Formula. The Corporation’s calculation of the dividends payable as so adjusted shall be final and not subject to review, absent manifest error.

Notwithstanding the foregoing, if any such amendment to the Code is enacted after the dividend payable on a Dividend Payment Date has been declared but before such dividend is paid, the amount of the dividend payable on such Dividend Payment Date shall not be increased. Instead, additional dividends (the “Post Declaration Date Dividends”), equal to the excess, if any, of (x) the product of the dividend paid by the Corporation on such Dividend Payment Date and the DRD Formula (where the DRP used in the DRD Formula would be equal to the greater of the Dividends-Received Percentage applicable to the dividend in question and .50) over (y) the dividend paid by the Corporation on such Dividend Payment Date, shall be payable (if declared) to holders of Non-Cumulative Preferred Stock on the record date applicable to the next succeeding Dividend Payment Date, in addition to any other amounts payable on such date.

If any such amendment to the Code is enacted and the reduction in the Dividends-Received Percentage retroactively applies to a Dividend Payment Date as to which the Corporation previously paid dividends on the Non-Cumulative Preferred Stock (each, an “Affected Dividend Payment Date”), the Corporation shall pay (if declared) additional dividends (the “Retroactive Dividends”) to holders on the record date applicable to the next succeeding Dividend Payment Date (or, if such amendment is enacted after the dividend payable on such Dividend Payment Date has been declared, to holders on the record date applicable to the second succeeding Dividend Payment Date following the date of enactment) in an amount equal to the excess of (x) the product of the dividend

paid by the Corporation on each Affected Dividend Payment Date and the DRD Formula (where the DRP used in the DRD Formula would be equal to the greater of the Dividends-Received Percentage and .50 applied to each Affected Dividend Payment Date) over (y) the sum of the dividend paid by the Corporation on each Affected Dividend Payment Date. The Corporation will make only one payment of Retroactive Dividends for any such amendment. Notwithstanding the foregoing provisions, if, with respect to any such amendment, the Corporation receives either an unqualified opinion of nationally recognized independent tax counsel selected by the Corporation or a private letter ruling or similar form of assurance from the IRS to the effect that such amendment does not apply to a dividend payable on an Affected Dividend Payment Date for the Non-Cumulative Preferred Stock, then such amendment will not result in the payment of Retroactive Dividends with respect to such Affected Dividend Payment Date. The opinion referenced in the previous sentence must be based upon the legislation amending or establishing the DRP or upon a published pronouncement of the IRS addressing such legislation.

In the event that the amount of dividends payable per share of the Non-Cumulative Preferred Stock is adjusted pursuant to the DRD Formula and/or Post Declaration Date Dividends or Retroactive Dividends are to be paid, the Corporation will give notice of each such adjustment and, if applicable, any Post Declaration Date Dividends and Retroactive Dividends to be given as soon as practicable to the holders of Non-Cumulative Preferred Stock.

(c) Notwithstanding any other provision of this Certificate, the Board of Directors, in its discretion, may choose to pay dividends on the Non-Cumulative Preferred Stock without the payment of any dividends on the Common Stock or any other class or series of stock from time to time outstanding ranking junior to the Non-Cumulative Preferred Stock with respect to the payment of dividends.

(d) No dividend shall be declared or paid or set apart for payment on any shares of the Non-Cumulative Preferred Stock if at the same time any arrears or default exists in the payment of dividends on any outstanding class or series of stock of Freddie Mac ranking prior to or (except as provided herein) on a parity with the Non-Cumulative Preferred Stock with respect to the payment of dividends. If and whenever dividends, having been declared, shall not have been paid in full, as aforesaid, on shares of the Non-Cumulative Preferred Stock and on the shares of any other class or series of stock of Freddie Mac ranking on a parity with the Non-Cumulative Preferred Stock with respect to the payment of dividends, all such dividends that have been declared on shares of the Non-Cumulative Preferred Stock and on the shares of any such other class or series shall be paid pro rata, so that the respective amounts of dividends paid per share on the Non-Cumulative Preferred Stock and on such other class or series shall in all cases bear to each other the same ratio that the respective amounts of dividends declared but unpaid per share on the shares of the Non-Cumulative Preferred Stock (including any adjustments due to changes in the Dividends-Received Percentage) and on the shares of such other class or series bear to each other.

(e) Holders of shares of the Non-Cumulative Preferred Stock shall not be entitled to any dividends, in cash or in property, other than as herein provided and shall not be entitled to interest, or any sum in lieu of interest, on or in respect of any dividend payment.

3. Optional Redemption

(a) The Non-Cumulative Preferred Stock shall not be redeemable prior to June 30, 2006. Subject to this limitation and the notice provisions set forth in Section 3(b) below and to any further limitations which may be imposed by law, Freddie Mac may redeem the Non-Cumulative Preferred

Stock, in whole or in part, at any time or from time to time, out of funds legally available therefor, at the redemption price of \$50.00 per share plus an amount, determined in accordance with Section 2 above, equal to the amount of the dividend, if any, otherwise payable for the then-current Dividend Period accrued through and including the date of such redemption. If less than all of the outstanding shares of the Non-Cumulative Preferred Stock are to be redeemed, Freddie Mac shall select shares to be redeemed from the outstanding shares not previously called for redemption by lot or pro rata (as nearly as possible) or by any other method which Freddie Mac in its sole discretion deems equitable.

(b) In the event Freddie Mac shall redeem any or all of the Non-Cumulative Preferred Stock as aforesaid, notice of such redemption shall be given by Freddie Mac by first class mail, postage prepaid, mailed neither less than 30 nor more than 60 days prior to the redemption date, to each holder of record of the shares of the Non-Cumulative Preferred Stock being redeemed, at such holder's address as the same appears in the books and records of Freddie Mac. Each such notice shall state the number of shares being redeemed, the redemption price, the redemption date and the place at which such holder's certificate(s) representing shares of the Non-Cumulative Preferred Stock must be presented for cancellation or exchanges, as the case may be, upon such redemption. Failure to give notice, or any defect in the notice, to any holder of the Non-Cumulative Preferred Stock shall not affect the validity of the proceedings for the redemption of shares of any other holder of the Non-Cumulative Preferred Stock being redeemed.

(c) Notice having been mailed as aforesaid, from and after the redemption date specified therein and upon payment of the consideration set forth in Section 3(a) above, said shares of the Non-Cumulative Preferred Stock shall no longer be deemed to be outstanding, and all rights of the holders thereof as holders of the Non-Cumulative Preferred Stock shall cease, with respect to shares so redeemed.

(d) Any shares of the Non-Cumulative Preferred Stock which shall have been redeemed shall, after such redemption, no longer have the status of authorized, issued or outstanding shares.

4. No Voting Rights

Except as set forth in Section 9(h) below, the shares of the Non-Cumulative Preferred Stock shall not have any voting powers, either general or special.

5. No Conversion or Exchange Rights

The holders of shares of the Non-Cumulative Preferred Stock shall not have any right to convert such shares into or exchange such shares for any other class or series of stock or obligations of Freddie Mac.

6. No Preemptive Rights

No holder of the Non-Cumulative Preferred Stock shall as such holder have any preemptive right to purchase or subscribe for any other shares, rights, options or other securities of any class of Freddie Mac which at any time may be sold or offered for sale by Freddie Mac.

7. Liquidation Rights and Preference

(a) Except as otherwise set forth herein, upon the voluntary or involuntary dissolution, liquidation or winding up of Freddie Mac, after payment of or provision for the liabilities of Freddie Mac and the expenses of such dissolution, liquidation or winding up, the holders of the outstanding

shares of the Non-Cumulative Preferred Stock shall be entitled to receive out of the assets of Freddie Mac available for distribution to stockholders, before any payment or distribution shall be made on the Common Stock or any other class or series of stock of Freddie Mac ranking junior to the Non-Cumulative Preferred Stock upon liquidation, the amount of \$50.00 per share plus an amount, determined in accordance with Section 2 above, equal to the dividend, if any, otherwise payable for the then-current Dividend Period accrued through and including the date of payment in respect of such dissolution, liquidation or winding up, and the holders of the outstanding shares of any class or series of stock of Freddie Mac ranking on a parity with the Non-Cumulative Preferred Stock upon liquidation shall be entitled to receive out of the assets of Freddie Mac available for distribution to stockholders, before any such payment or distribution shall be made on the Common Stock or any other class or series of stock of Freddie Mac ranking junior to the Non-Cumulative Preferred Stock and to such parity stock upon liquidation, any corresponding preferential amount to which the holders of such parity stock may, by the terms thereof, be entitled; provided, however, that if the assets of Freddie Mac available for distribution to stockholders shall be insufficient for the payment of the full amounts to which the holders of the outstanding shares of the Non-Cumulative Preferred Stock and the holders of the outstanding shares of such parity stock shall be entitled to receive upon such dissolution, liquidation or winding up of Freddie Mac as aforesaid, then, subject to paragraph (b) of this Section 7, all of the assets of Freddie Mac available for distribution to stockholders shall be distributed to the holders of outstanding shares of the Non-Cumulative Preferred Stock and to the holders of outstanding shares of such parity stock pro rata, so that the amounts so distributed to holders of the Non-Cumulative Preferred Stock and to holders of such classes or series of such parity stock, respectively, shall bear to each other the same ratio that the respective distributive amounts to which they are so entitled (including any adjustment due to changes in the Dividends-Received Percentage) bear to each other. After the payment of the aforesaid amounts to which they are entitled, the holders of outstanding shares of the Non-Cumulative Preferred Stock and the holders of outstanding shares of any such parity stock shall not be entitled to any further participation in any distribution of assets of Freddie Mac.

(b) Notwithstanding the foregoing, upon the dissolution, liquidation or winding up of Freddie Mac, the holders of shares of the Non-Cumulative Preferred Stock then outstanding shall not be entitled to be paid any amounts to which such holders are entitled pursuant to paragraph (a) of this Section 7 unless and until the holders of any classes or series of stock of Freddie Mac ranking prior upon liquidation to the Non-Cumulative Preferred Stock shall have been paid all amounts to which such classes or series are entitled pursuant to their respective terms.

(c) Neither the sale of all or substantially all of the property or business of Freddie Mac, nor the merger, consolidation or combination of Freddie Mac into or with any other corporation or entity, shall be deemed to be a dissolution, liquidation or winding up for the purpose of this Section 7.

8. Additional Classes or Series of Stock

The Board of Directors shall have the right at any time in the future to authorize, create and issue, by resolution or resolutions, one or more additional classes or series of stock of Freddie Mac, and to determine and fix the distinguishing characteristics and the relative rights, preferences, privileges and other terms of the shares thereof. Any such class or series of stock may rank prior to or on a parity with or junior to the Non-Cumulative Preferred Stock as to dividends or upon liquidation or otherwise.

9. Miscellaneous

(a) Any stock of any class or series of Freddie Mac shall be deemed to rank:

(i) prior to the shares of the Non-Cumulative Preferred Stock, either as to dividends or upon liquidation, if the holders of such class or series shall be entitled to the receipt of dividends or of amounts distributable upon dissolution, liquidation or winding up of Freddie Mac, as the case may be, in preference or priority to the holders of shares of the Non-Cumulative Preferred Stock;

(ii) on a parity with shares of the Non-Cumulative Preferred Stock, either as to dividends or upon liquidation, whether or not the dividend rates or amounts, dividend payment dates or redemption of liquidation prices per share, if any, be different from those of the Non-Cumulative Preferred Stock, if the holders of such class or series shall be entitled to the receipt of dividends or of amounts distributable upon dissolution, liquidation or winding up of Freddie Mac, as the case may be, in proportion to their respective dividend rates or amounts or liquidation prices, without preference or priority, one over the other, as between the holders of such class or series and the holders of shares of the Non-Cumulative Preferred Stock; and

(iii) junior to shares of the Non-Cumulative Preferred Stock, either as to dividends or upon liquidation, if such class or series shall be Common Stock, or if the holders of shares of the Non-Cumulative Preferred Stock shall be entitled to receipt of dividends or of amounts distributable upon dissolution, liquidation or winding up of Freddie Mac, as the case may be, in preference or priority to the holders of shares of such class or series.

(b) Freddie Mac and any agent of Freddie Mac may deem and treat the holder of a share or shares of Non-Cumulative Preferred Stock, as shown in Freddie Mac's books and records, as the absolute owner of such share or shares of Non-Cumulative Preferred Stock for the purpose of receiving payment of dividends in respect of such share or shares of Non-Cumulative Preferred Stock and for all other purposes whatsoever, and neither Freddie Mac nor any agent of Freddie Mac shall be affected by any notice to the contrary. All payments made to or upon the order of any such person shall be valid and, to the extent of the sum or sums so paid, effectual to satisfy and discharge liabilities for moneys payable by Freddie Mac on or with respect to any such share or shares of Non-Cumulative Preferred Stock.

(c) The shares of the Non-Cumulative Preferred Stock, when duly issued, shall be fully paid and non-assessable.

(d) The Non-Cumulative Preferred Stock shall be issued, and shall be transferable on the books of Freddie Mac, only in whole shares, it being intended that no fractional interests in shares of Non-Cumulative Preferred Stock shall be created or recognized by Freddie Mac.

(e) For purposes of this Certificate, the term "Freddie Mac" means the Federal Home Loan Mortgage Corporation and any successor thereto by operation of law or by reason of a merger, consolidation or combination.

(f) This Certificate and the respective rights and obligations of Freddie Mac and the holders of the Non-Cumulative Preferred Stock with respect to such Non-Cumulative Preferred Stock shall be construed in accordance with and governed by the laws of the United States, provided that the law of the Commonwealth of Virginia shall serve as the federal rule of decision in all instances except where such law is inconsistent with Freddie Mac's enabling legislation, its public purposes or any provision of this Certificate.

(g) Any notice, demand or other communication which by any provision of this Certificate is required or permitted to be given or served to or upon Freddie Mac shall be given or served in writing addressed (unless and until another address shall be published by Freddie Mac) to Freddie Mac, 8200 Jones Branch Drive, McLean, Virginia 22102, Attn: Executive Vice President-General Counsel and Secretary. Such notice, demand or other communication to or upon Freddie Mac shall be deemed to have been sufficiently given or made only upon actual receipt of a writing by Freddie Mac. Any notice, demand or other communication which by any provision of this Certificate is required or permitted to be given or served by Freddie Mac hereunder may be given or served by being deposited first class, postage prepaid, in the United States mail addressed (i) to the holder as such holder's name and address may appear at such time in the books and records of Freddie Mac or (ii) if to a person or entity other than a holder of record of the Non-Cumulative Preferred Stock, to such person or entity at such address as appears to Freddie Mac to be appropriate at such time. Such notice, demand or other communication shall be deemed to have been sufficiently given or made, for all purposes, upon mailing.

(h) Freddie Mac, by or under the authority of the Board of Directors, may amend, alter, supplement or repeal any provision of this Certificate pursuant to the following terms and conditions:

(i) Without the consent of the holders of the Non-Cumulative Preferred Stock, Freddie Mac may amend, alter, supplement or repeal any provision of this Certificate to cure any ambiguity, to correct or supplement any provision herein which may be defective or inconsistent with any other provision herein, or to make any other provisions with respect to matters or questions arising under this Certificate, provided that such action shall not materially and adversely affect the interests of the holders of the Non-Cumulative Preferred Stock.

(ii) The consent of the holders of at least 66 2/3% of all of the shares of the Non-Cumulative Preferred Stock at the time outstanding, given in person or by proxy, either in writing or by a vote at a meeting called for the purpose at which the holders of shares of the Non-Cumulative Preferred Stock shall vote together as a class, shall be necessary for authorizing, effecting or validating the amendment, alteration, supplementation or repeal of the provisions of this Certificate if such amendment, alteration, supplementation or repeal would materially and adversely affect the powers, preferences, rights, privileges, qualifications, limitations, restrictions, terms or conditions of the Non-Cumulative Preferred Stock. The creation and issuance of any other class or series of stock, or the issuance of additional shares of any existing class or series of stock of Freddie Mac (including the Non-Cumulative Preferred Stock), whether ranking prior to, on a parity with or junior to the Non-Cumulative Preferred Stock, shall not be deemed to constitute such an amendment, alteration, supplementation or repeal.

(iii) Holders of the Non-Cumulative Preferred Stock shall be entitled to one vote per share on matters on which their consent is required pursuant to subparagraph (ii) of this paragraph (h). In connection with any meeting of such holders, the Board of Directors shall fix a record date, neither earlier than 60 days nor later than 10 days prior to the date of such meeting, and holders of record of shares of the Non-Cumulative Preferred Stock on such record date shall be entitled to notice of and to vote at any such meeting and any adjournment. The Board of Directors, or such person or persons as it may designate, may establish reasonable rules and procedures as to the solicitation of the consent of holders of the Non-Cumulative Preferred Stock at any such meeting or otherwise, which rules and procedures shall conform to

the requirements of any national securities exchange on which the Non-Cumulative Preferred Stock may be listed at such time.

(i) RECEIPT AND ACCEPTANCE OF A SHARE OR SHARES OF THE NON-CUMULATIVE PREFERRED STOCK BY OR ON BEHALF OF A HOLDER SHALL CONSTITUTE THE UNCONDITIONAL ACCEPTANCE BY THE HOLDER (AND ALL OTHERS HAVING BENEFICIAL OWNERSHIP OF SUCH SHARE OR SHARES) OF ALL OF THE TERMS AND PROVISIONS OF THIS CERTIFICATE. NO SIGNATURE OR OTHER FURTHER MANIFESTATION OF ASSENT TO THE TERMS AND PROVISIONS OF THIS CERTIFICATE SHALL BE NECESSARY FOR ITS OPERATION OR EFFECT AS BETWEEN FREDDIE MAC AND THE HOLDER (AND ALL SUCH OTHERS).

IN WITNESS WHEREOF, I have hereunto set my hand and the seal of Freddie Mac this 30th day of May, 2001.
